

## HE KNOWS ALL

He knows at supper time  
to stand and wag his tail,  
that begging is a crime,  
but patience will prevail.

He knows one rule to learn  
is "push-to-front" is wrong,  
but if he waits his turn,  
he'll get to go along.

He knows his doggy toys  
like kids know Fisher-Price,  
and for behaving boys  
new toy rewards are nice.

He knows to get a treat,  
one simply steals a heart.  
His know-how is complete;  
I wish I were as smart.
