

## MAGGIE MAY

It was an ordinary day.  
The flowers brightened until noon,  
then colors faded far too soon  
and drabbed the outdoors into grey.

Sun-lighting will refresh a mind  
and paint broad smiles on everyone.  
Each day she left warm hearts behind,  
but on this day her work was done.

We grieve we couldn't change the day,  
but there are powers that we lack.  
A Scottie soul passed on its way,  
and all our tears won't bring her back.

The Rainbow Bridge is where she waits,  
and for the moment hesitates  
to pause till the reunion when  
she'll make the sun shine bright again.
