

TERRIER GROUP

Now Herders and Hounds are all right,
but dogs of superior stripe,
as different as day is from night,
belong to the Terrier type.

Though Toys and Non-Sporters are fine,
my Picks-of-the-Litters aren't found
in pups from those kinds of canine.
They're dogs who love Going to Ground.

Now Sporters and Workers are good;
they make a respectable troop.
But those who will be all they could
are found in the Terrier Group.
