# Are We Having Too Many Shows?

By Glenn Staines

THE number of dog shows held annually is steadily on the increase and sometimes I wonder if this is really such a good thing. Is it possible to continue to increase the number of shows without having the quality at the smaller events suffer appreciably?

Take the situation here in Michigan. A few years ago we had three shows annually in the state. This year we'll have close to a dozen and this situation is pretty general throughout the country. The larger breeders naturally want to make the big important shows; they want to enter at their breed specialty events and they want to give their local show support. This program doesn't allow too much time for exhibiting at the numerous smaller shows, and if these shows cannot draw a fair proportion of big breeders their quality is bound to suffer. I realize fully that many top specimens are owned by people who do not qualify as "big breeders". Very often these specimens are entered at the smaller shows and top breeds, groups and go on to Best in Show. I am not so worried about the quality of the specimens which take these wins. What I am worried about is the quality of dogs one is apt to get in the classes if there are no big breeders entered. What is going to be the general quality of class winners if most of these winners are just pets owned by neighboring fanciers? And don't forget that if there is no really good class winner present to take Winners an inferior specimen will be put up and will in time, in all probabilities, become a champion.

Then too, a good many of the smaller

shows are given under very adverse conditions. If a satisfactory show site is not available the next best thing is chosen and some of the small shows as a consequence are judged under the most adverse of conditions. Quarters are too small to furnish sufficient rings and the rings themselves are so small that not much can be done about gaiting a big dog. Then too the smaller shows are apt to be of necessity, economical in their expenditures and consequently have an insufficient number of judges to adequately handle the show entry. I call to mind a recent event which was judged outside in a driving rain and another show where a judge was so overworked that he had to handle an entry of twenty in one breed in thirty-five minutes. Neither situation is very heartening from the standpoint of good judging.

In talking this too-many-shows situation over recently, a Terrier man reminded me rather sharply that England "has a show every few minutes and the entire Island isn't any bigger than some of our states." This is true enough but all English shows are not championship shows and consequently England is not confronted with the same dangers which beset us if the quality at our smaller shows is not up to standard.

What's to be done about it? Possibly I am anticipating trouble too far ahead, but it does seem to me that there is trouble ahead in too many shows, and that we should all give the idea a bit of thought. It is better to avert trouble than to try and correct it after it becomes a fact.

## Cincinnati and Dayton Shows

**T**WO important mid-western events are scheduled for early October—the Charity Show of the Cincinnati Kennel Club on Saturday, October 2nd and the Dayton Kennel Club's event on the following day—Sunday, October 3rd. The two shows make an ideal week-end "circuit" and as Dayton is only fifty miles from Cincinnati one can show at both events and get a good night's sleep between to boot.

The Cincinnati event, which is being sponsored by the Lions' Club, is being given for the benefit of the club's pet charity—the well-

Le Pine will judge the balance of the breeds in this group. Wm. Shanks will judge the Group.

In Working Dogs, John Phelps Wagner of Mazelaine fame is to do Boxers; Rudolph A. Engle is coming on from Ardsley, N. Y., to pass on Collies and Shetland Sheepdogs; the well-known Lee S. Rogers of Bloomingburg, Ohio, will judge Doberman Pinschers and Mr. McQuown will judge all other Working Dogs breeds. Mr. Wagner will judge this group.

The Terrier group has two specialty judges; George H. Hartman of Lampeter, Pa., for both coats of Foxterriers, and Jim Horton of Henderson, Tenn., for Scotties. Wm. Shanks

A. M. and there will be no benching. The show will be along the same lines of Dayton so-successful 1936 summer show, with outdoor judging if weather permits. ## The Chicago Specialty Show

**T**HE Western Specialty Clubs Association's event—the "Chicago Specialty"—draws near and with their eye on the dates of November 20-21, exhibitors are shining-up the kennel's pride and joy, hoping he will be in top form when he steps into the Coliseum's ring, for a win at the Chicago Specialty means something. ## Westbury Kennel Association

**T**HE last of the outdoor shows to be held in the Metropolitan area will be the Westbury Kennel Association's event on Sunday, September 26th. Mr. J. Phipps is again loaning his field for the occasion.

The Westbury Club, of which Mr. Leonard Brumby is Chairman of the Bench Show Committee, feel that many exhibitors—particularly local and novice exhibitors—would like to enter at a show but fail to do so from their lack of knowledge of the proper procedure. The Club has therefore started a plan to help those who wish to enter their dogs. Although the material which was sent us regarding this applied specifically to the Westbury Show we feel it is so valuable that it has been rewritten to apply more generally.

*Would you like to enter your dog at a coming dog show?* If so, your dog must be entered at least ten days before the date of the show in order to comply with American Kennel Club rules. If you do not have an entry blank call up any officer of the show giving club or get in touch with the superintendent of the show. If you do not know the superintendent's name and address consult any of the recognized dog publications. All of them have a list of coming shows which carry the names and addresses of the show superintendent.

*Do you know which class to enter your dog in?* If your dog is between the ages of six months and one year and is an American or Canadian-bred, enter him in the puppy class. If he is past a year and has never won a first prize at a dog show enter him in the Novice Class. There are also the following classes: American-bred, and the term is self-explanatory; Limit Class: If you are not going to enter in any of the three previous classes you may enter in the Limit Class, providing your dog is not a champion. The Open Class—This class, as its name implies, is open to all, including champions and im-

ported specimens. The competition in the open classes is supposed to be the "toughest" of any class and in it one usually finds specimens which already have points to their title. Generally speaking the novice should not enter a dog or bitch, being shown for the first time, in the Open Class.

**Childrens' Classes**—If you have a dog entered in one of the regular classes, your child may compete in the Childrens' Class without extra charge. (All shows do not have Childrens' Classes—most of them do, and Westbury will have.)

**Local Classes**—The name Local Class is self-explanatory. If you win a Local Class you are eligible to compete for Best of Breed but not for the Winners' Classes—and it is only the Winners' Classes which carry points.

**Winners Class**—The first prize winners of all the regular classes—Puppy, Novice, Limit, American-bred and Open, comprise the Winners' Class. The first prize winner of this class is termed Winners Dog and Winners Bitch, respectively. Only these two winners in every breed get championship point ratings.

*Do you know how to fill out an entry blank?* The entry blank will be found attached to the premium list. Fill out every question and mail with your entry fee, as per instructions on the blank. You will, before the show, receive an exhibitor's ticket and an identification card for your dog. The former gives you the right to come in and out of the show during its entire duration; the latter will give your dog's stall number and catalogue number and is your receipt. Take both to the show with you.

**A CORRECTION:** In giving the names of the officers of the Atlanta Kennels Club in our last issue, we listed the President as I. J. Osborne. The correct name is I. J. Osburn.

## SEALYHAM TERRIERS

Associate Editor:

Noel S. Young, B. S., D. D. S.,  
Lake Forest, Ill.

THE past weeks have brought two more of England's finest Sealyhams to our shores. The first to arrive was the lovely Eng. Ch. Brash Berenice. She was consigned to Mr. Paul Shields whom you will remember owns Hollybourne Alan. Berenice was sired by Manobier Magnate and bred by Miss Hilda Thomas. On the other side Berenice has won some 25 classes and 4 certificates since last April. As her name indicates, she was owned and sold by Captain R. S. DeQuincy. In announcing her departure for

### A STUDY IN BLACK AND WHITE

America, Mrs. Barber says of her, "Good luck across the Atlantic! She is certainly one of the best that ever left these shores."

The other arrival was the outstanding Eng. Ch. Matinee Idol of Herds who will in the future make his home at Miss Schweinler's Croglin Kennels. Matinee Idol, they tell us,

was like so many Sealyhams in that he was late in maturing, but when he did his success came with a run. He has captured six challenge certificates to hold the record for the breed in 1937. At Croglin he will fill out a famous string of good ones including Int. Ch. Hillsome Ace, Eng. Ch. Brash Best Man, and the well known American-bred Ch. Croglin Christina.

A letter from Mrs. Page tells of good news regarding the plans and progress being made for the club's first Open Specialty at Chicago in November. She has received fourteen exceptional trophies from members of the club for this event. Just imagine all these newcomers parading before Mrs. Stone, who will officiate. But that's not all—they must meet the best of our American-breds too. What a sight.

The late summer shows will soon be with us. Springfield is offering its usual generous classification; Hamilton, Syracuse and Tuxedo follow in short order. Then the trek through the southwest, or if you prefer, come up through Charleston, Greensboro and Roanoke. They all head for the Specialties at Chicago and provide a real chance to have the dogs in top shape for that show of shows.

One of the visitors to Ch. Redlands Defiance during the past weeks proved to be an old acquaintance. When the expressman brought her to the kennel we found she was owned by Mrs. Louise Curwen and after closer

inspection of the crate that her name was Hollybourne Jane. "Janie" did considerable winning under Mrs. Hill at the Specialty show in 1934 and at the Garden that year. Since that time Mr. Froelich had sold her and we had lost track of her. "Janie" was sired by Ch. Fasnet Fury who was taken so early in his career and was out of Redlands Radiance. Janie was in fine fettle and, of course, she too enjoyed the visit.

A Canadian-bred Sealyham was also bred at the kennels during the past weeks. Tara of Homer who is now owned by Mr. A. Ruman, was bred to Drumadoone Dandy. Tara is sired by Whetstone of Homer and out of Glengarrell Toodles.

Miss Miller writes that their spring puppies went all too quickly and now they plan another litter for the fall. They have saved one promising youngster by Defiance out of Paddy of Rinklestone.

## Standard of Bulldog

(Continued from page 44)

shoulders (its lowest part), whence the spine should rise to the loins (the top of which should be higher than the top of the shoulders), thence curving again more suddenly to the tail, forming an arch (a very distinctive feature of the breed), termed "roach-back" or, more correctly, "wheel-back."

**Forelegs.**—The forelegs should be short, very stout, straight and muscular, set wide apart, with well developed calves, presenting a bowed outline, but the bones of the leg should not be curved or bandy, nor the feet brought too close together.

**Elbows.**—The elbows should be low and stand well out and loose from the body.

**Hindlegs.**—The hindlegs should be strong and muscular and longer than the forelegs, so as to elevate the loins above the shoulders.

Hocks should be slightly bent and well let down, so as to give length and strength from loins to hock.

The lower leg should be short, straight and strong, with the stifles turned slightly outward and away from the body. The hocks are thereby made to approach each other, and the hind feet to turn outward.

**Feet.**—The feet should be moderate in size, compact and firmly set. Toes compact, well split up, with high knuckles and with short and stubby nails.

The front feet may be straight or slightly out-turned, but the hind feet should be pointed well outward.

**Tail.**—The tail may be either straight or "screwed" (but never curved or curly), and in any case must be short, hung low, with decided downward carriage, thick root and fine tip.

If straight, the tail should be cylindrical and of uniform taper.

If "screwed" the bends or kinks should be well defined, and they may be abrupt and even knotty, but no portion of the member should be elevated above the base or root.
