

Welcome to the Scottish Terrier Club of America's One-on-One Breed Mentoring Program!

The STCA encourages and promotes the quality breeding of purebred Scottish Terriers and will do all possible to bring their natural qualities to perfection. Members and breeders are encouraged to accept the Standard of the Breed as approved by The American Kennel Club as the only standard of excellence by which Scottish Terriers will be judged and will do all in its power to protect and advance the interests of the Breed. We also encourage good sportsmanship by our members in all events.*

This program is intended to help those STCA members that maybe be newer to the breed or feel they have no one to turn to for help in participating in breeding, showing or other activities in our breed. We envision an experience that would be reminiscent of the days of sitting around the kitchen table with our mentors as was for many of us. All mentors are members in good standing with the STCA. Each experience will be unique to the people involved. We will try to match you up with someone who is able and willing to assist with the particular need requested.

The STCA does not promote, endorse, recommend or guarantee any individual. All mentoring experiences are a casual interaction between the parties involved. No promise is implied or intended from the STCA. This is a volunteer service offered to and by our members.

Please contact mentor.program@stca.biz for additional information and a possible mentor near you. If you are looking to volunteer as a mentor please let us know you are interested and we will get the needed information from you.

*Scottish Terrier Club of America. From the STCA Constitution and By-Laws.
