President's Message

As I write this message, the STCA is seven months into the 1991-1992 fiscal year. I'm happy to report that your Club is in excellent condition. "What's good for the STCA", has remained upmost in your Board's actions. Several innovations have been introduced to the membership and there are many more being prepared.

The plight of the eleven rescued Scotties auctioned last November, woke us to the sad realities of puppy mills. Through members and nonmembers generosity in purchasing the attractive original sun-catchers, over \$3,000 in profits have been deposited in the STCA Rescue Fund. A new fundraiser will be initiated during Montgomery County Weekend. Glass beveled, brass trimmed boxes with an original Scottie design, will be sold. The profits will go to the University of Michigan Veterinarian School, to benefit VWD research.

We welcome the Greater Pittsburgh Scottish Terrier Club as a Show Giving Club of Record, having received STCA approval to conduct their first Specialty on November 7, 1992. Everyone involved with this Club has worked long and hard to achieve this goal. We congratulate and wish the Greater Pittsburgh STC GOOD LUCK!

Once again, the STCA Board meetings, Regional Clubs meeting and the Annual Dinner/Meeting will have to be held in a hotel that does not accept dogs. These arrangements became necessary when

last October the West Chester Inn raised the price of rooms to \$91.00 plus tax, \$50.00 deposit for dogs in the room and a minimum of three night stay. A 5 day delay in signing the contract led to a reduction of rooms reserved for STCA from 75 to 60. I might add the price of meeting rooms rose to \$250.00 per room per day! It became necessary to find accommodations for those members without dogs, leaving the West Chester Inns' 60 rooms for those with dogs. Board meetings were moved to reduce costs. The search for the STCA 1992 Headquarters began immediately after 1991 Montgomery County. It was decided to look in the Ft. Washington, Plymouth Meeting and Willow Grove area. Several hotels in the area accepted dogs, but they did not have banquet and meeting room space available. There are 21 breeds participating in MCKC, 16 have banquets and meetings! Our move to the area has put the STCA on the bottom of the available hotels waiting list. But we will continue the search! I know first hand of the many hours and hundreds of miles traveled searching for a hotel willing and able to accommodate us. I could spend hours telling you of the hotel personnel that either hung up or walked away as soon as they heard the word 'd o g'.

We ask that you be understanding of the situation and bear with us. Many hotels in the area will allow one or two dogs, but they will not allow groups of people with dogs. Sadly, there are also hotels that used to accept groups reservations

from dog clubs, but now have initiated a "No Dog Policy". If we dog owners continue to ignore hotel rules and common decency, in the near future our dogs will have to remain crated in our cars or vans.

The STCA Obedience Department is preparing for its first AKC Sanctioned "B Match", the morning of the Annual Sweepstakes, October 2nd at the Masonic Lu Lu Temple. Anyone having some free time Friday morning should drop by to see these good-will ambassadors of Scotties.

Periodically the topic of producing a grooming video has been discussed. Many questions and conditions had to be researched before we could make this announcement- the long anticipated STCA Grooming Video will become a reality within two years.

Members now have an opportunity to suggest names of judges for the Rotating and National Specialties. Your ballot is on page P2 (3rd page from back cover), of the Winter *BAGPIPER* issue. If you would like a say in judges selection, send your ballot in before September 15th.

As I wrote at the beginning of this message, there are many projects being made ready for introduction, pertaining to health, education and the welfare of the STCA. We are working together for the betterment and protection of our Breed. If you would like to see something improved, perhaps introduced or explained, drop me a note. Only by your input can we, the Board, know your thoughts and requests.

I wish you and yours a happy and safe summer. Don't overlook the comfort and safety of your Scottie during the summer months.

Respectfully submitted,

Jackie Seelbach

Delegate to the A.K.C. John Sheehan Selected correspondence was discussed.

Minutes of January 11-12 were approved as corrected: Ruth Ann Krause received permission of the board to send excerpts of Dr. Tom Kirk's letter that was published in the *GAZETTE* to the *Bagpiper*. *Bagpiper*/Leichel discontinued color front and back pages because of expense to the advertisers. The judges that were selected for the Heart Of America Rotating Specialty, March 1994 have accepted. (Announcement awaits AKC approval.)

REPORT OF THE CORRESPONDING SECRETARY: Isabelle McCool One copy of the fall *Bagpiper* was returned in response to the request to members who received duplicate mailings of that issue. Richard Hickman reported that his printer will reprint for \$3.00 a copy. We need more copies and

the motion was made to order 100 copies of the fall issue of the *Bagpiper*. Passed unanimously.

AKC is now charging \$100.00 a year for our championship printouts. For the half year there will be a fee of \$50.00.

REPORT OF THE RECORDING SECRETARY: Shirley Justus will be mailing the STCA rosters bulk mail through a mailing agent from Corpus Christi, Texas. Passed unanimously.

The Award of Merit was approved by the board by mail and will be offered for our specialty shows.

"At a STCA Specialty Show, the Regular Class Judge may award an Award of Merit to recognize "outstanding" Champions other than those selected Best of Breed or Best of Opposite Sex. The judge may, at his/her discretion, present an Award of Merit to up to twenty (20) percent of the total Champions entered in the Best of Breed class. (If that number is a fraction, i.e. 2.5, it may be rounded up to the next higher number - 3). The award will be a triple streamer Rosette with the club logo, and the name and date of the show. Champions are the only recipients of this award. The presentation of the Award of merit will follow the BOB, BOS and BOW award." [An abbreviated form shall be printed in the Premium List under BREED PRIZES]

REPORT OF THE TREASURER: Betty McArthur distributed a detailed financial report. The expense of foreign mailing of the *Bagpiper* was discussed.

Bulk mail covers only the United States. Foreign members will be notified of the additional expense requirements with dues notice.

It was the opinion of the Treasurer that the job of Treasurer does not require an accounting firm.

Auditing arrangements are being made.

REPORT OF THE AKC DELEGATE: John Sheehan announced that the AKC has continued to suspend members who fail to comply with the AKC rules and regulations for record keeping and identification.

The delegates elected the following to the board, Class of 1996: Walter F. Goodman, James G. Phinizy and Elaine Young.

AKC President Robert G. Maxwell reported that the goal is to have an active Public Education Coordinator in every club that holds events under AKC rules.

AKC Director of Communications Wayne Cavanaugh reported that the Cardin Puppy Protection Act, H.R. 3718, to which the AKC is opposed in its present form, now has 28 co-sponsors. The Stenholm Animal Terrorism Act, H.R. 2407, which the AKC supports, has 253. Delegates were urged to write letters to their legislators.

The delegates voted to adopt amendments to the dog show **Rules** which require clubs to have a copy of the **AKC Show/Trials Manual** at all shows.

REPORT OF THE NATIONAL SHOW CHAIRMAN - VICEPRESIDENT

Helen Prince reported the following: Montgomery County: October 2-4, 1992 (Sweepstakes Judge-Merle Taylor, Regular Class Judge-Dora Lee Wilson) Headquarters for the Board Meeting and Dinner: Guest Quarters Suite Hotel, 640 West Germantown Pike, Plymouth Meeting, PA 19462 215/834-8300. No Dogs. For members with dogs, reservations have been made at Ramada Inn, Trevoise, PA; George Washington Lodge, Willow Grove and Holiday Inn, King of Prussia.

There was an inquiry from STC of Michigan as to why the STCA headquarters is located at a hotel that does not accept dogs. We must have a headquarters that is located near the Sweepstakes/Montgomery County show sites, that is reasonable and still provide us with the appropriate dinner facility. It is becoming increasingly difficult each year to find this ideal arrangement. After considerable searching the Guest Quarters Suite Hotel was selected.

Sweepstakes will be on Friday, October 2, 1992 at the Lu Lu Temple. Show Secretary: Norman Prince.

The Obedience sanctioned "B" Match will be Friday morning, October 2, 1992 at the Lu Lu Temple. (Pending AKC approval) Entry fee \$7.50. Judge was selected for the Obedience. Obedience Premium List will be included in the Sweepstakes Premium List mailing. All arrangements have been made. Lorayne Lapin will serve as Obedience Show

Chairman and Secretary. STC of Greater Atlanta Specialty - Atlanta, GA - April 17, 1993 (Judges announcement awaits AKC approval) Christine Cook reported on the preliminary plans and arrangements made by the club and Antonella Visconti di Modrone.

Montgomery County Update!

It's not too early to make your plans for our Annual Meeting and Show in Pennsylvania -- October 2-4, 1992. Early in July, Advertising Chair Deborah Mackie will be mailing you all the necessary information for making your hotel and dinner arrangements, as well as placing your ads for both Sweepstakes and Specialty Show catalogs. Something new will be added this year -- there will be an Obedience AKC Sanctioned "OB" Match on Friday morning, October 2nd, at the same site as our Sweeps. Premium lists for both the Sweepstakes and the Obedience Match will be mailed by Show Chair Helen Prince in August. For your information, however, here are some details of the weekend arrangements:

*Scottish Terrier
Club of America
Regional Club
Representative Meeting
Montgomery County*

by Maxine C. Stickler

The Regional Club Representative meeting was called to order by Chairperson Maxine C. Stickler on October 5, 1991, at 11:30 a.m. in the Wayne Room of the West Chester Inn, West Chester, PA.

The following Regional Club Representatives were in attendance.

Leslie "Dan" Stickler, Scottish Terrier Club Greater Louisville

Karen Hansen, Scottish Terrier Club Greater New York

Robert A. Young, Scottish Terrier Club Greater Baltimore Area

Margaret Young, Scottish Terrier Club Greater Baltimore Area

Felix Zollinger, Washington State Scottish Terrier Club

Jo Musson, Heart of America Scottish Terrier Club

Ann McCormack, Heart of America Scottish Terrier Club

Diane E. Murray, Scottish Terrier Club of Chicago

Joanne Kinnelly, Scottish Terrier Club of Michigan

Jeff Allen, Scottish Terrier Club of Western Virginia

James L. Guppy, Scottish Terrier Club of New England

Margaret Brokaw, Heart of America Scottish Terrier Club

The video, San Mateo Town Meeting, was shown in the Wayne Room one

hour prior to the meeting for interested persons.

Chairperson Maxine Stickler welcomed RCR's and emphasized the importance of the representative's role in the communication process between the Regional Clubs and the SCTA Board and Officers. An agenda, info packets and informational items were distributed.

COMMUNICATION PROCESS

An updated list of the Regional Club corresponding secretaries was reviewed noting two new areas, Utah and Idaho.

A review of the People to Know list for services included: SCTA Rescue, Gregg Bobbs; Regional Club News, Carole Owen; *Bagpiper* editor, Richard Hickman; Obedience, Eileen Childress; Health, Pam Farmer.

MEDICAL UPDATE

Joanne Kinnelly gave a report concerning STCM's Scottie's VWD research project with Michigan State University and Dr. William Schall, who projects that we may have a dependable test within a year. Money is needed from sister clubs. RCR's were encouraged to present the project to their clubs and respond with a good donation.

Lynn Pritchard, Ph.D. is beginning a health column for the club newsletter. Lynn is a physiologist and works in the pharmaceutical industry where she has access to a great deal of information on animal and human health. Lynn grew up with a family Scottie and today she and her husband live with two pet Scottie bitches, Oban and Skye. Two articles were shared at the meeting.

1. Whether Nonsteroidal Anti-inflam-

matory Drugs (NSAIDs) Are Toxic To Dogs.

2. Seizures: A Brief Description

Patricia Farmer, Health Chairperson, would appreciate membership response to the Scottish Terrier Cancer Research Survey. RCR's were encouraged to present copies of the forms at the RC meetings and explain the importance of the study and the need for dog owners to assist in the study.

CLUB CONCERNS

Standard Revision Committee

Chairperson Jerry Roszman was unable to attend the meeting. RCR Chairperson referred to the *Bagpiper's* summary of minutes from the June 20, 1991, Board meeting. Having concluded from Dr. Kirk's report that a standing committee was needed, a committee was appointed. Members are Barbara DeSaye, Neatha Robinson, Christine Stephens and Evelyn Kirk. Chairperson Roszman will be sending RC's info packets. All suggestions and/or recommendations **must be received in writing by December 31, 1991.**

Committee will meet in February. It was suggested that a club could devote a meeting to studying the old Standard video prior to writing to the Committee their ideas. Discussion followed about purpose of Committee as far as "revision" or "review." Maxine was asked to seek clarification with the president. The Committee's recommendation must first be approved by the SCTA Board and AKC. The action would then go to the members for a vote. Remember to give your input... 12/31/91.

PETA, ALF, PAWS, City-State Animal Ordinances

People in attendance had not received the June packet containing articles on animal legislation, animal activists and puppy auctions. Additional copies will be mailed to those people. Article in Summer, 1991 *Bagpiper* gives a quick review of the animal activists. Jeff Allen stated that his experience is that many of the members of these groups are unaware of the entire agenda. The earlier RCR's packet contained an AKC request for each club to name an Educational Coordinator. This is a most important role in keeping your club apprised of these groups, AKC's action and how local clubs can respond. Read material and discuss with local clubs and government officials.

Discussion followed as to who should receive the RCR's packet. Mr. Young suggested sending one packet also to the newsletter editor. Packets will be sent to both. Ann McCormack reiterated warning for show on Sunday. In her area there have been late night threatening phone calls. Anti-freeze has been sprayed and poison placed in empty crates.

Regional people have concern with backyard breeders. Discussion identified some helpful sources of information. AKC's article concerning their position regarding overpopulation of dogs was in the June packet. Also, AKC now has inspection teams to investigate puppy mills. The brochure, "Are You A Responsible Dog Owner?", published by AKC has excellent information. Bill Martin, "Dog World" Rep, has a packet

with several excellent articles, one particularly, "Be a Pal (Prevent A Litter)". Scottish Terrier Club of California also has a brochure on "How Can I Be Sure A Breeder Is Responsible???".

SHARING WHAT WORKS

Karen Hansen discussed the value of sharing information and asked RCR's to relate success stories.

Mr. Young's club has had much success with Rescue work.

Diane Murray's club is worried about Rescue liability and wants the SCTA Board to inquire about purchasing a liability policy that regional clubs could buy into. New York club would like to see SCTA establish guidelines regarding budget etc.

Jeff Allen suggested a silent auction as an effective fund raiser. Western Virginia experienced great success at the last Specialty.

Joanne Kinnelly relayed SCTA Board request that Regional Clubs be sure to notify SCTA early of any membership disciplinary problems. Also, SCTA Historian, Marjorie Cohen, needs certified catalogs and pictures from regional Specialties.

Karen Hansen shared the story of Gregory and Helen who are in Israel (see Bagpiper, Summer, 1991, Chapter Three A Letter from Gregory). People were urged to write their Congressman to help the couple emigrate. New York club is willing to sponsor them. The club also has a place for them to live and possible employment.

Jo Musson asked about methods for selecting Specialty judges. Ideas shared were as follows: membership nomination and vote; club board; committee with board approval; committee with membership approval.

Felix Zollinger asked for suggestions for finding and retaining quality members. New York is considering lengthening time required before application. Ann McCormack suggested giving members a chance to re-evaluate their membership in light of today's issues.

Felix Zollinger passed out information about legislation problems and PETA problems. San Mateo ordinance is not working as intended. Jeff Allen has been asking for local ordinance input.

New York is trying to pass legislation that no animal under 12 weeks can be sold and transported across the state line.

Felix Zollinger reminded RCR's to support Pat Farmer with the cancer infor. Group discussed their experience and concerns with lawn spray and chemicals and how they relate to cancer.

Thanks to Joanne Kinnelly for the excellent notes.

Group adjourned at 2:10 p.m.

The Land of Pleasant Living - Rotating Specialty 1992

*by Helen Prince, National Show
Chairman*

Spring in Maryland...cherry blossoms, azaleas, lush green grass, those famous Blue Crabs, and warm, balmy days...what more could you ask for? Better weather! It all was there, except for the weather! Although the days were rainy and cool, the hospitality of our host club, the Scottish Terrier Club of Greater Baltimore, was warm and friendly, so no one seemed to mind that the weather was not being cooperative.

The weekend began with the STCGBA Specialty Show on Friday with Ruth Johnson doing the honors with a record entry of 100. Then exhibitors and friends met at the Hospitality Room at the Marriott Hunt Valley Inn for an evening fun, fellowship, and FOOD! And food there was, more than we all could eat, provided by the STCGBA and assisted by members of the STC of Greater Washington, D.C., The Hunt Valley Inn was not only our Headquarters for the weekend, it was also the site of a Star Trek Convention, and residents met some very unusual characters in the halls!

On Saturday, the Board of Directors met during the day while some drove the 50 miles to an all-breed show, and still others toured the Inner Harbor of Baltimore, which has been developed into a tourist mecca. Saturday evening

we all met for the STCA dinner at the Hunt Valley Inn. Those who had chosen the Maryland crabcakes were heard to say that they were the best they had ever eaten. The STC of Greater Baltimore outdid themselves with the favors—canvas tote bags with the Rotating Specialty logo of the basket of crabs and the Scottie, filled with goodies from Maryland.

Sunday dawned with still more rain! The Specialty Show was held indoors, however, at the Baltimore County Fairgrounds in conjunction with the Baltimore County Kennel Club. The Kennel Club had given us a corner of the building with our own entrance and ample grooming space surrounded the ring. Several men from the STC of Greater Washington assisted exhibitors in unloading and parking. Everyone was treated to a Continental Breakfast of juice, coffee, and pastry by our hosts, the STCGBA. The coffee was most welcome to ward off the damp and cold!

The ring was large and beautifully decorated with pots of Maryland black-eyed Susans (the state flower). Flags from both the STCA and the STCGBA hung on the pillars at the end of the ring. Trophy Chairs Bob and Janet Ward skillfully arranged the trophies—Irish Baleek china and crystal. Many non-Scottie people who came to watch the dogs commented on the beautiful trophies on our table. In addition to the lovely trophies, each exhibitor was also given a sprig of silk black-eyed Susan flowers as a memento of the show, a gift of the host club.

With all in readiness, the Sweepstakes began. Judge Mark George began his examination of the 50 youngsters entered. Best in Sweepstakes, CASI'S EXPENSIVE HABIT, came from 9-12 month Junior Puppy Bitch Class and is owned by Barbara Casey.

Class Judge Jerry Roszman then began the examination of the 112 Scotties entered. Keeping the classes moving and on time was no mean feat, and he was ably assisted by our two very capable ring stewards Barbara Anthony and Renee Johnson. Jerry selected as Best of Breed **CH. HOPSCOTCH HEADS WE WIN**, owned by Marge Moran McQuinn and handled by Bergit Coady. Best of Opposite Sex to Best of Breed was **CH. DUFF-DE LORD JAMES**, owned by Bill Kamai and Bill DeVilleneuve and handled by Bill DeVilleneuve. Best of Winners was the Winners Dog, **AMESCOT LOTTA TALK**, owned by Harold and Carol Ames and handled by Nancy Walthers. Winners Bitch was a repeat of the show on Friday, **PRINCESCOT SPECIAL LEGACY**, owned by Helen and Norman Prince, and handled by Elizabeth Cooper.

This report would not be complete without thanks to some special members of the Scottish Terrier Club of Greater Baltimore who made this weekend come true—to Bob and Margaret Young who planned and executed the hospitality at the hotel and the Dinner, and at the show; to Barbara Hoffman, local Show Chair extraordinary; to Frank and Ellen Schmidt, Kendra Lovette, Alice and Ed Watkins, Cathy and Gene Carlson, who

all did the many things too numerous to mention but without which we couldn't have made it, and all the others whose names I didn't mention. This Club is very small in numbers but they proved that anyone can successfully host a Rotating Specialty if they work together!

A Judge's View of the National Rotating Specialty

by Jerry L. Roszman

Sunday, April 19, 1992, the day of our STCA National Rotating Specialty, broke as a rather overcast and gloomy day - cool, misty and a bit windy. However, inside the Cow Palace of Maryland State Fairground, things were bright, busy and warm. STCA members were scuttling about with final preparations for the show, and preparing their dogs, which is what it's all about!

My "Thanks" to the STCA Officers and Board for their selection and affording me this pleasant experience. Most particularly, my sincere appreciation to the Scottish Terrier Exhibitors who allowed me to evaluate their dogs and to pass judgement on them. This is always a special honor.

I've chosen to address this critique in general statements vs. specific dogs, and what I felt and observed overall with the entry on this day.

As a Breeder and Judge, I have a definite type I search for and reward. I look for the moderate dog/bitch, with no particular exaggeration to distraction for the overall balance and picture presented. I prefer a moderate-sized Scottie, as described by our Standard, low slung with a deep brisket, good handful of forechest, forelegs set well under the dog, moderate length of muscular neck blending into smooth, well laid back shoulders. I look for deep, well sprung ribs, short loin, a level, strong topline, moderate length of back from point of withers to set on of tail, just a bit longer than height, i.e., ground to point withers. I want a full muscular rump strong hind quarters with well bent stifle, good angulation, short hock to heel to assure thrust and drive when moving.

I look for a Scottish Terrier to cover a lot of ground with minimal effort - good reach in front, propelled by strong thrust and drive from the rear. I look for a balanced profile, i.e. a bang on tail, balanced with a neck, head and ears carried well up. I like to see Scotties show with alert awareness of the other dogs about them, "Controlled Fire" as Evelyn Kirk describes it. On tip toe, alert, not quarrelsome nor out of hand.

Having said all that, I'd like to offer a few constructive criticisms as suggestions and challenges for you, the Breeder-Exhibitors, to consider as we strive to improve the breed we love and

enjoy so much. My hope is to reach you intellectually, and most certainly not to offend. I know you love your Scots and often have difficulty accepting that they might be lacking. In particular, fronts have been a long standing problem in the breed and are so crucial to proper type, structure and movement.

We had an entry of 38 dogs, 36 were shown. There were several nice dogs in the classes, but my real challenge sorting through the classes was the lack of any one dog who stood out. They were generally shown and presented well, none particularly bad, but most generally lacking in virtues. My challenge to you is to study on this for the future of the Breed. If our lovely bitches are the backbone and foundation we build from, where do we take them to be bred? For some years the bitches have outclassed the dogs, not perhaps a good thing in my mind. I would like to see some dogs coming on of equal quality with this crop of bitches.

My WD/BOW was a sound, showy, nice moving Scottish Terrier. He was in good condition, had a dark eye, good expression, might have liked more length in the head, however, he was balanced. This dog was better through front and shoulders. He reached out well, had deep well sprung ribs, level topline and strong rear.

My RWD was a typy, alert, showy young Brindle dog who could do with a bit more substance.

We had 50 Class bitches entered, 40 were shown. This was a pleasurable

period sorting through them. There were many of very similar type and often decisions became real "hair-splitters". They do bode well for the future if we can complement and improve on them with breeding.

My WB was a lovely, type, beautiful front with good deep brisket, proper well sprung, deep ribs. She was a nice size, sound and moved well. She did not always use herself to advantage, she appeared to be sulking; however, occasionally she gave lashed of what she really was, a look, a pose. I decided to use her because she filled my eye. My RWB pushed quite hard. A showy, sound, well made bitch, perhaps not as well balanced and the WB, a lovely head and expression.

The Specials Class, as always, filled the ring with their presence and numbers. A fine array of Scottish Terriers, once again the Bitches overshadowed the dogs in quality and type.

My ultimate BOB - CH HOPSCOTCH WE WIN - was a standout - a delight to go over, everything in the proper place, gorgeous head and expressions, a marvelous attitude and in superb condition. She is very feminine, has excellent bone and substance, proper size, extremely deep, well sprung ribs, short loin, level top line, great reach, full strong driving rear. Truly and outstanding Scottish Terrier Bitch, excelling in type.

BOS - CH DUFF DE LORD JAMES - an honest, sound masculine dog, with a lovely dark eye, and well balanced head, moved well on go around.

I was particularly thrilled to be able to give the five (5) Awards of Merit for the first time at this Specialty. It was particularly gratifying as I had three Specials Bitches I was particularly drawn to:

CH STARBELLE DIAMOND LIL - A striking, gorgeous brindle bitch in magnificent condition, beautiful head and ears.

CH MC VAN'S EBONY ROSE - Gorgeous black bitch with one of the best fronts I've ever gone over, beautiful shoulders and rib spring.

CH ANSTAMMLOW COMMOTION - Lovely, tpy, black bitch, low stationed with lovely head and eye.

CH SPARWYN SPEAK N' SPAR - A masculine, sound brindle dog, showed himself well.

CH DEBLIN'S STRAIGHT TALK - Sound, masculine black dog, nice dark eye, alert and expressive.

It was a marvelous show. I enjoyed myself very much, playing with your dogs. My thanks to my Stewards, Barbara Anthony and Renee Johnson, who kept the classes moving and the ring occupied. My sincere best wishes to all and my hopes that you will think and study on what I've said about our dogs as objectively as possible. I realize Scotties folks are passionate, like their Scots. Please try to maintain an open heart and mind during the process.

Best of Breed trophy was a lovely painting by Margie Cooke. The subject was appropriately Texan: Scotties playing in Texas Bluebonnets. After the specialty, exhibitors and a Scottie friend adjourned to a well stocked hospitality room at the Residence Inn. The following evening, the elegant Ridgelea Country Club in Fort Worth was site of the

club's annual banquet. Eternally popular auctioneer Tom Beaman sold Scottie items ranging from shirts to underwear, with lots of handmade specialties, including cross stitch, ceramics, dressed Scottie dolls, tissue box covers and even an entire wooden Scottie choir. Centerpiece door prizes were air freshener covers that looked for the world like Scotties dolls dresses in calico and lace. There was a GDSTC yoyo-yoyo for each banquet guest. Champion plaques were presented to members who had finished the club's eight new champions for 1991. The GDSTC Unsung Hero award was presented to Theresa Thomas, hard-working club member who was also Show Chairman for the Specialty. Lucky winners of the miniature Christmas tree loaded with Scottie ornaments were Ruth and Bert Tryon of Stone Mountain, GA.

A Weekend to Remember!!

The 19th Annual Heart of America Scottish Terrier Club (HASTC) Sweepstakes and Specialty Show was held on Friday, March the 13th, 1992, at Bartle Hall, Kansas City, MO. Luck was on our side that day, however, as an entry of forty paraded around the Sweeps and class rings. Before Judge Thomas Parrotti, fifteen Scots splendidly strut-

ted their stuff. In Mr. Parrotti's words, "I must say it was rewarding to see such a well balanced group of youngsters that gave me quite a time to make my final decision. My Best in Sweeps was a very sound bitch with good bone and nice placement of shoulders with a low, deep, and full chest. The Best of Opposite selection went to a young but spirited lad that was well balanced with nice bone, and a lovely head and expression. The attitude of most Scotties was very good and needed little, if any, prodding to get their spirits up." Judge Parrotti's choices:

DOGS:

Puppy, 6 to 9 months, and Best of Opposite Sex: Exmoor Benjamin Ross (Shela Schemel)

Puppy, 9 to 12 months: Besscott's Casanova (Jack and Elizabeth Cooper)
12 to 18 months: Cormack's Up and At Em (Ann McCormack and Jo Mussen)

BITCHES:

Puppy, 6 to 9 months: Glenmary Marching to Muscot (Melvyn and Josephine Mussen)

Puppy, 9 to 12 months: Lochlaymen's Daddy's Girl (Pauline and Roy Lay)
12 to 18 months, and Best in Sweepstakes: Anstamm Short Wave (Anstamm Kennels)

The classes were judged by noted Swiss Scottie fancier, Mrs. Elsbeth Clerc. Judging an entry of twenty-five, Judge Clerc made her placements as follows:

BEST OF BREED:

Ch. Anstamm Low Commotion (Anstamm Kennels)

BEST OF OPPOSITE SEX:

Ch. Bardon Stage Struck (Patricia Baker)

STUD DOG:

Ch. Bardon Stage Struck, owned by Patricia Baker

A sincere note of thanks and appreciation to Judges Clerc and Parrotti for their fine work and support.

Later that evening, the HASTC sponsored a hospitality room at the Drury Inn replete with comestibles, refreshments, and endless talk of Scotties, Scotties, and more Scotties.

On Saturday evening, thirty-two Scotie fanciers attended the HASTC Annual Banquet and enjoyed the fine fare at one of KC's best establishments, The Golden Ox. Over Filet Mignon, talk centered on the show weekend and the mementoes which would later that evening be auctioned off. Auctioneer John McEntire lent a note of humor to the proceedings as donated items were auctioned off to support HASTC's hosting of the 1994 ROTATING SPECIALTY. Thanks are due to all who donated and purchased these goods.

At the banquet, it was noted that, after having won Winners Dog three times, the Marie Kenley Memorial Trophy for Winners Dog had been awarded to Jack and Elizabeth Cooper. A new challenge trophy for Winners Dog dedicated to long-time HASTC member Margaret Brokaw was also announced that evening.

NEW OFFICERS AND BOARD OF DIRECTORS

The HASTC members recently elected new officers and Board of Directors. Serving during the 1992-1993 are:

Having worked out some excellent price concessions with concerned vets, the club looks forward to an effective program both for the dogs and their prospective owners. Being saddened by the loss of a very special wheaten, "Sissy", to Von Willebrand's, the club was prompted to become more informed. Club loaned us an excellent video. Information has been made available to some interested vets.

A tour of Scotland through the eyes of Jackie Burton who visited there this past summer gave members a keen sense of the history, the people and their culture, and the country's terrain. Yes, she did see Scotties and returned with many beautiful items from hand made Scottie sweaters to cards. Members at the May meeting enjoyed a nice dinner at Lanormandie Restaurant. Eric Blow, Director of the Jefferson County Animal Control and Protection Services was guest speaker. Educational programs have been most beneficial in helping members become more apprised of current happenings in the dog world.

The Club's annual Black and White Terrier Sanctioned "B" Match was held May 9 in conjunction with the Kentucky Scotties Heritage Weekend at Butler State Resort Park, Carrollton, Kentucky. Donna Cambron was match chairperson; Joe Williams was ring steward, and Donna Wagner handled registration. Nancy Armour, breeder and exhibitor from Oak Park, IL. was the judge for an entry of sixteen. High points of the match included seeing beautiful champions on parade and enjoying the dress parade which included an Easter outfit and an angel. Craft boutique sales were tremendous due to a beautiful display and the hard work of craft chairperson, Helen Curts. After the match everyone enjoyed the delicious potluck dishes prepared by great Scottie moms; Pauline Lay's teapot and linen cloth provided the touch of "old country" charm and

class. Best adult in match was won by Anstamm Miss Fire (Blaze) owned by Donna Cambron and Best Puppy in match was won by Lochlaymen's Daddy's Girl (Olivia) owned by Pauline and Roy Lay.

Members are working hard to earn money by sponsoring a Food Basket Raffle, Basket will contain \$100 plus gourmet foods. The raffle drawing will be June 6 at the monthly meeting.

Dear Maxine:

I would very much appreciate your passing on some information and requests to the Regional Club Reps when you all meet at the Rotating Specialty.

As Chairman of the Standard committee, I feel an urgent need to mend some fences and smooth the waters as much as possible among our fellow Scottish Terrier fanciers.

First off, nothing has been done to the Standard to date but to assign a group of us who feel strongly about it to study it, and make recommendations re: it and the Future.

As a group, we are very much in agreement that we do not want the Scottish Terrier to be changed, we want our Scotty dog to remain as he is. However, we do feel the Standard need updating, expansion, clarification to bring us into the 21st Century.

This is and has been the "information age" in communications. People require, need and are seeking more and better explanations in all facets of life, why should we not ask much of our Breed Standard of Perfection.

Please, understand and rest assured this is not a task we take lightly, we are all most aware of the magnitude of the project we have undertaken and the extreme importance and delicacy of the feelings many people have regarding this issue.

We are in no rush, we would all very much like to have input from you all as members and fanciers to assist us in developing this Standard to be the best we can make of it.

Please contact any member of the committee with your thoughts. I would ask that you write down what you would like to share so it can be mailed to other members of the group.

Committee is: Evelyn Kirk, Neatha Robinson, Miriam Stamm, Barbara De Saye, Christine Stephens, and myself.

Thank you so much for your time and attention. I appreciate your help.

Sincerely,

Jerry L. Roszman

Pet Therapy Scotties

by Kathie Comerford

I have been involved with pet therapy for almost twenty years since my first Scottie, Reanda Royal Mc Dougal, began visiting my friend's mom in a Harrisburg, PA nursing home. My two Scotties AM BDA CH Royal Mac Roderrick Tweedy CD TT CG, age 6 years, and CH Royal Mc Tweed of Reanda CD CG, age 9, continue the work that Mc Dougal began. My dogs were conformation showmen when I began obedience training 3 years ago. They now work with one group of 20 different dogs on a pet therapy drill team. They have learned good manners with other animals, but believe me they are Scotties true to form and can still spar. They know the difference in my commands for work. Who says "You can't teach an old dog new tricks". Tweed was 6 years old when I started actual obedience training. My pet name for him is "Bonehead", but he loves pet therapy and all the attention he gets. The seniors he sees enjoy seeing a senior citizen canine perform. Love, treats, patience, and encouragement have worked for me. Harsh methods of training are not useful with our breed. They like to play and this is a game they thought up.

When I started visiting nursing homes with my dogs I learned what the benefits a visit could bring to patients. I have seen patients who have not walked or talked to anyone in years respond to my Scotties. One elderly man in a wheel chair at St. John's Hospital didn't even

look like he had watched my show. Afterward, he took my hand and showed me a magic trick. He told my how much he enjoyed the dogs.

A lady with no legs always insisted that I leave the dogs on her bed while I visited with other patients. I remember a woman in her eighties telling me about the Scottie she had when she was a small girl. For a moment these people are taken back and reminded of more pleasant times.

I have had children who were crippled in wheel chairs just delighted to hug a Scottie. Believe me, the rewards are greater for me and the boys than they are for the people when we visit. The joy they bring to children and patients in hospitals, nursing homes, libraries and schools cannot be measured. We are out visiting almost every week. We also are showing what good citizens our breed has produced.

Now that my Scots are working on Obedience and Agility Training, our program has become quite involved with costumes and brace team work. They also demonstrate team jumping and racing over hurdles. The dogs enjoy being the center of attraction and the people really love the show. We have costumes depicting bandleaders, surfing, tartans, Batman and Robin, sailor suits, king outfits, tuxedos, Uncle Sam, etc. They love to get dressed up and seem to know they will be doing a show.

We put on a show which takes about 45 minutes, but many people I know just visit from room to room and let the

patients pet the dogs. I always ask before entering a patient's room if they would like a visit from the dogs. Sometimes people are afraid of them or allergic, so we don't enter. Some of my blind patients really appreciate the love my fellows have to give. I walked one blind lady over to examine Tweed and she was so delighted to be picked out of the audience to participate. When I do the shows, I always give them a little background about myself and the dogs. I also describe what I am doing so the patients who cannot see can enjoy the show. I let one of the nurses pretend to be a car and demonstrate how a drop on recall can save a dog's life. The patients seem to remember having dogs who wouldn't come when called. A few people asked me if I could train children as well as my dogs.

After the show I try to see people in the individual rooms who may not be able to come to the show. At schools I try to pick children who may seem hyperactive or have some special problems. You cannot believe some of the positive reactions I have encountered.

Many people feel they want to know how to get involved with this worthwhile endeavor. First, your dog should be well groomed and must have all its shots. The dog must also be able to control itself so no accidents happen. A friendly demeanor and having completed a beginner's Obedience course is a good idea. The dog should be able to work around patients in wheel chairs. If this is not available in your area, teach your dog a sit, down and stay command. Have the dog learn to walk by your side

and not be frightened of wheel chairs or walkers. Then contact your local dog club to see if anyone has a program in the works that you can get involved with. If not call a local nursing home and ask if they have anyone doing pet therapy and tell them you are interested in volunteering. I am sure they would be more than happy to have you. I always exercise my dogs before going into the residence and never feed them till after the show. I do use small carrot treats to reward them.

I hope more of our Scotties will be involved with pet therapy. I know the rewards of your efforts will seem immeasurable. Join me in showing that Scotties are really made of Love and Devotion!

Editor's Note:

Roddy and Tweed have appeared on cable's Family Channel on "That's My Dog" TV show in their sailor suits. They have been pictured in their Batman suits in the Scottish Terrier Club of America Handbook. Tweed appears in a cartoon called *Tweed Obedience Scot* which has appeared in *Off Lead Magazine* and *Front and Finish Magazine*.

Glad Mac Kennels

by Vandra L. Huber

With research help from Camille Partridge

Thirty Plus Years of Breeding and 80 Plus Champions Later...

Author's Note: Glad Mac Kennels of Clarkston, Washington was begun in the late 1940's. In late 1990, Glad Mac Kennels was disbanded due to the poor health of Mrs. Irene Robertson, founder of the Glad Mac Kennels. Much of the information presented in this article was adopted from breed history reports in prior STCA handbooks, pedigrees from the 1940's through 1960's compiled by Dr. Kirk as well as conversations with various breeders. An article by Mildred Charves from the 1974 STCA Handbook was particularly useful.

It all began with the purchase of Wee Meg of Merlewood from Merlewood Kennels in Spokane, Washington, by Irene Robertson of Clarkston, Washington. While not a great Scottie, she was a foundation bitch nevertheless. And when bred to Carnation Kennel's Ch. Reimill Radiator in 1949, she had a litter of "show potential" puppies. One puppy in the litter - Buttons N Bows - went on to win Best in Match in Spokane the first time she was shown. With the taste of victory still fresh for Irene and her young Scot, Buttons N Bows was entered in a regular point show. Knowing nothing at the time about stripping and conditioning, Irene found someone to "shape her up"—clipped

her actually — and proudly presented her to the fancy. To make a long story short, the bitch turned out to have a very bad front. Despite this disappointment, Irene Robertson was hooked and Glad Mac Kennels was born.

But the road to becoming a top breeder in the 1960's only began there. Determined to produce quality Scottish Terriers, Irene searched the country for a "show-quality" bitch. While the intent was to find a good bitch, not necessarily a bitch of a specific color, fate intervened. Irene purchased Golden Princess, a show-quality wheaten bitch from Mrs. Dudley Jones of Memphis, Tennessee. When Princess needed only her majors to finish, Irene had her shipped west. Naively, Irene thought that purchase was all it would take to become a topnotch breeder and exhibitor. As Irene recounted in a 1974 article, Princess had just won BOB in Dallas, Texas so she couldn't lose. But she did. With Irene on the end of the lead Princess took third in the open class. Still everyone said how lovely she was.

Encouraged but humbled enough to know she needed help, Irene headed to Memphis for three weeks of intensive hands-on education about proper feeding, exercise, conditioning, and stripping. Mrs. Jones also took Irene to St. Louis and Chicago to see some of the top Scottish Terriers of the time including Blanart Barcarole, Shieling Style Craft, and Edgerstoune Troubdour. On that trip East, Irene's education began with such mundane tasks as cleaning out dog runs and hand stripping Scottie after Scottie until her hands were sore. Nevertheless, she was hooked on

Scotties and in the process acquired a life-long friend and supporter in Mrs. Jones.

Back amid the tall pines of Washington, Irene reentered the show ring. This time, she came out a winner. In 1951 she finished Glenbrae Navigator. The following year, Golden Princess and Cedar Root Gayde's Gold, both wheatens, finished. Glad Mac's Mr. Deeds, a grandson of Princess and Gold, finished his championship in 1954.

According to a 1974 article by Mildred Charves, Irene's breeding program really took off following the purchase of a gorgeous Canadian-bred bitch, Leading Wren of Seaglen from Bob Sharp (Seaglen Scotties), a long time Scottie breeder. While Leading Wren never finished her American championship, she was bred to Ch. Reimill Radiator. That first breeding produced a bitch and two dogs. Fulfilling a promise, she returned a bitch and a dog to Mr. Sharp. The former became Am. Can. Ch. Glad-Mac's Sailor of Seaglen. The other puppy dog became Am. Can. Ch. Glad-Mac's Rolling Stone, which Irene considered to be her first truly great dog. Rolling Stone finished his championship in 1955. For the next two years he was shown on a limited basis, always taking Best of Breed as well as several Group placements.

In 1957, Rolling Stone was to be seriously campaigned. But fate intervened again. An accidental kennel fight while Irene was away from home resulted in Rolling Stone hitting his jaw on the concrete and losing 7 teeth. While he

could no longer be shown, Rolling Stone turned out to be a top producer, siring 17 champions (Note: accounts vary as to whether he produced 15 or 17 champions). Irene attributed her title as Top Breeder of Scottish Terriers in 1960 to Rolling Stone alias "Butch." That year, five of her six champions were sired by Rolling Stone. Among her top winning "Butch" offsprings were the Group winners Ch. Glad Mac Masterpiece and Ch. Gayclan Glamour Girl.

A highlight of Irene's breeding career was personally showing Ch. Glad-Mac's Show Girl to Best in Show. Show Girl was a granddaughter of Glad Mac's Buttons N Bows, Irene's first Best In Match puppy. An early article also noted that Irene was particularly proud when Commander Of Seaglen, a Rolling Stone son bred by her long-time friend Mr. Sharp took the points at the Westminster Dog Show in 1958.

While Irene had a very successful line going by 1960's that didn't stop her from striving to do even better. According to Bob Bartos of Carnation Farm fame, Irene could have become kennel blind and limited her breeding program only to her own stock. Instead, she continued to out cross - when and if she thought a dog had something to offer her Glad Mac line. In the early years of her breeding program, Glad Mac bitches were outcrossed to such notables as Ch. Carnation Corsair and as mentioned earlier Ch. Reimill Radiator. And in the late 1960's, there was of course Ch. Bardene Bingo. Bred to Ch. Glad Mac's Wave of Seaglen, Bingo and Wave produced four champion offspring. The 1960's also produced the likes of Glad-

Mac's Globetrotter, Glad Mac's Wave of Seaglen, Int. Ch. Cedar Root Gaydes Gold and Ch. Glad Mac's Golden Princess. An examination of pedigrees from the 1960's shows traces of the Reanda line blended with Glad Mac. The year 1967, saw a Rolling Stone daughter, Ch. Young's Cat Ballou finish her championship. She was just one of many champions produced by Elaine and Karl L. Young. This bitch was purchased by Jeannie Passmore and helped to establish the Passmore line as a producer of rich colored wheaten. Even the Amstamm line ties into Glad Mac through their involvement with Mr. Sharp and the Seaglen dogs. In 1955 there was Ch. Anstamm Wren of Seaglen, a Rolling Stone daughter followed with Ch. Anstamm Tag Line O'Staccato in 1956 and Ch. Anstamm Pirate of Seaglen in 1957.

Starting out in California and eventually settling in Michigan, John and Barbara DeSaye's ties to Glad Mac trace back to Ch. Wee Doc of Rancho Milandy. Sired by Ch. Glad Mac's Sandman, "Doc" was a grandson of Irene's Butch. Wee Doc went on to sire Ch. Sandgreg's Ball O'Fire, the DeSaye's first wheaten champion. Striving to improve her line, Irene eventually acquired two Sandgreg stud dogs, Ch. Sandgreg's Mr. Hot Shot, a group winning wheaten and Ch. Sandgreg's Square Deal, a Specialty winner and a great, great, great grandson of Rolling Stone and Glamour Girl, Irene's earlier top producers.

As a sire, Square Deal, who carried the wheaten gene, turned out to be Irene's top producer, siring 35 champions. His

addition once again restored Glad Mac Kennels to prominence. While Square Deal died in 1990, his progeny reads like a who's who of top wheaten with such notables as the Best in Show winner Ch. Sandgreg's Sweet Luv and her sisters, Ch. Sandgreg's Sweet Charity and Ch. Wychwyre Liberty. Charity was a Group and Specialty winner. To date, she has also produced 11 champion offspring. The Martin's Libbie was the first wheaten ever to win at the prestigious Montgomery County Specialty. All three girls were bred by Bill and Sue Martin, Wychwyre Scotties of Michigan. Lovey, the top winning wheaten of all time continues to leave her mark on the breed from the whelping box. Owned by Dr. James and Elizabeth Boso, Lovey produced seven champions in her first litter and 9 champions to date. A Lovey son Ch. Glengloamin's Luv Of My Life was the #2 Scottie Dog in 1990 for owner Betty Gooch. Many other active breeders - particularly those interested in wheaten - also can trace their bloodlines to Glad Mac Kennels. One such team is Pat and Tony Gruda of Colorado. Their Ch. Glad Mac's Globetrotter was a Specialty Best of Breed winner from the classes. More recently, Ch. Mystigael Good As Gold was ranked in the top five for Breed and Group wins. This rich colored wheaten traces back through Ch. Glad Mac's Gingham girl and Ch. Glad Mac's Gypsy of Sandgreg.

In the south, Hycourt Scotties headed by Allene Haldy have produced a number of top ranking wheatens that descended from Ch. Glad Mac's Cracklin' Rosie. Recently, Allene has been extremely successful with Ch. Hycourt's

Blush With Pride, a Rosie daughter. Rosie's offspring have carried the banner as far away as Tampa, Florida where Lois Bolding and her Boldmere Scots reside. Jeanice Ronden has done extremely well in Texas with her typey wheaten Ch. Hycourt Roxy Rose O'Haslemere, which was the #7 bitch in 1990.

In the northwest, Camille Partridge was one of the last breeders to acquire a Glad Mac dog directly from Irene. A Square Deal - Cracklin' Rosie son, Ch. Glad Mac's Taliesin The Bard finished quickly garnering BOW honors at the Washington State Scottish Terrier Specialty. Vandra Huber and Michael Krolewski's foundation bitch Am. Can. Ch. Maggie McMuffin V was sired by Sandgreg's Square Deal and has produced 7 champions, including two Best in Show winners, Intl. Ch. McVan's Sandman (#1 dog in 1989) and Am. Can. Ch. McVan's Ebony Rose. Both have consistently ranked in the top 10 in breed and group competition. Am. Can. Ch. McJones Little Drummer Boy, co-owned by Valerie Evans and Sammie Jones, is a son of Glad Mac's Ruffian McJones and has done a lot of winning including a BISS in Canada. Irene Do Rozario, a relative newcomer to the breed, also traces the roots of her specialty winner Ch. McJones Hail Shergar back to the Glad Mac line.

From California, Fred and Ann Koch have well established ties to the Glad Mac line. Some standouts in their breeding program include Ch. Glad Mac's Georgette and her daughter, Ch. Koch's Olympic Flame. (Editor's note: Olympic Flame was honored with the Ch.

Lady Alberta Memorial Brood Bitch Trophy in 1989 for having a total of five offspring receive championships that year.) Ch. Koch Shadow Fox of Glenlee, a daughter of Georgette has enhanced Thomas and Linda Lee's breeding program. Another Georgette son of particular note is Ch. Koch's Rambo of Aberglen who has been a consistent winner for Rick and Debbie Fowler, Mark George and James Beaumont.

While this list is not exhaustive, other breeders with ties to Glad Mac through Square Deal include Bernice Sheehan. Ch. Sheehan's Sassie Debutante produced five champions from her mating with Bobbie. Nancy Fingerhut has had a long line of consistent winners with her Dana line, including a Bobbie offspring Ch. Dana's Jackpot. A breeding of Passmore's Silver Flash to Bobbie produced two champions, one of which, Ch. Passmore's Dona Lucha, helped establish Jorge and Patricia Torrejon as breeders in Canada.

As Bob Bartos summarized, Glad Mac Kennels will be remembered most for its contribution to the refinement of the Wheaten Scottish Terrier. While disbanded in 1990, Glad Mac leaves behind a proud and potent lineage including 80 plus champions and resulting progeny which taps into so many of today's prominent lines.

20 Basic Breeding Principles

by Raymond Oppenheimer

reprinted with permission from *The Border Terrier Quarterly*, Fall 1991

In Scotland and England for example, the accent is on breeding and exhibiting your breeding stock rather than just exhibiting to win Groups and BIS. The Breeder is the backbone of the fancy and the importance of good breeding principles is top priority. The late Raymond Oppenheimer is considered by the majority of dog fanciers to have been the most successful and knowledgeable breeder of pure-bred dogs. His Ormandy Kennels have a world-wide reputation for outstanding Bull Terriers. While his "Twenty Basic Breeding Principles" was written specifically for Bull Terriers, it is sound and interesting and really encompasses all breeds. — RGB Kennel Review

1. Don't make use of indiscriminate outcrosses. A judicious outcross can be of great value; an injudicious one can produce an aggregation of every imaginable fault of the breed.
2. Don't line breed just for the sake of line breeding. Line breeding with complimentary types can bring great rewards; with unsuitable one, it will lead to immediate disaster.
3. Don't take advice from people who have always been unsuccessful breed-

ers. If their opinions were worth having, they would have proved it by their successes.

4. Don't believe the popular cliché about the brother or sister of the great champion being just as good to breed from. For every one that is, hundreds are not. It all depends of the animal concerned.
5. Don't credit your dogs with virtues they don't possess. Self-deceit is a stepping stone to failure.
6. Don't breed from mediocrities. The absence of a fault does not in any way signify the presence of its corresponding virtue.
7. Don't try to line breed to two dogs at the same time; you will end by line breeding to neither.
8. Don't assess the worth of a stud dog by his inferior progeny. All stud dogs sire rubbish at times. What matters is how good their best efforts are.
9. Don't allow personal feelings to influence your choice of a stud dog. The right dog for your bitch is the right dog, whoever owns it.
10. Don't allow admiration of a stud dog to blind you to his faults. If you do, you will soon be the victim of auto-intoxication.
11. Don't mate together animals which share the same fault. You are asking for trouble if you do.

12. Don't forget that it is the whole dog that counts. If you forget one virtue while searching for another, you will pay for it.

13. Don't search for the perfect dog as a mate for your bitch. The perfect dog (or even bitch) doesn't exist — never has, never will.

14. Don't be frightened of breeding from animals that have obvious faults, so long as they have compensating virtues. A lack of virtues is by far the greatest fault of all.

15. Don't mate together non-complementary types. An ability to recognize type at a glance is a breeder's greatest gift. Ask the successful breeders to explain this subject — there's no other way of learning. (I'd define non-complementary types as ones which have the same faults and lack the same virtues.)

16. Don't forget the necessity to preserve head quality. It will vanish like a dream if you do.

17. Don't forget that substance plus quality should be one of your aims. A fool can breed one without the other.

18. Don't forget that a great head plus soundness should be one of your aims. Many people can never breed either.

19. Don't ever try to decry a great (Scottish) Terrier. A thing of beauty is not only a joy forever, but a great (Scottish) Terrier should be a source of aesthetic pride and pleasure to all true lovers of the breed.

20. Don't be satisfied with anything but the best. The second best is never good enough.

Train Your Dog. You'll Be Glad You Did!

Do any of these statements apply to you?

I can't leave my dog in the house because he chews up the furniture.

I can't leave my dog in the house because he is not house broken.

I hate taking my dog for a walk because he wants to fight with every other dog.

My arms are sore because my dog drags me when we go for a walk.

I have to put my dog outside when my friends come over because he jumps on them.

My dog is driving me nuts because he barks constantly at everything.

My dog tries to bite me when I attempt to take anything away from him.

My dog likes adults, but he snaps at children.

My dog chases cats, cars, kids on bicycles, and anything else that moves.

My dog jumps on the furniture.

My dog refuses to walk on a leash.

If any of these statements apply to you, you are a perfect candidate to get your dog trained. Imagine how much happier you and your pet will be when your dog will walk quietly and confidently at your side, or when your dog comes to you when he is called. Obedience training calms the hyper, overly energetic dog, and it will build confidence in the shy, timid dog. When your dog is trained, you will not only accomplish having your dog sit, heel, come, down, stay, sit and down stay, but you will build a rapport with your dog, and learn to communicate with your pet. Obedience training will give you and your dog a common language that you both will understand, making it easier for you to communicate with your pet. Obedience training also makes it easier to solve other types of behavior problems, like barking, digging and chewing.

Many dogs who are left at animal shelters are there because they have behavior problems that the owners were either unable or unwilling to solve. Obedience training will not solve every problem, but it will certainly solve the majority of them. With practice, patience, persistence, and a positive attitude, you should be able to eliminate most of your dog's behavior problems.

Puppy Training - When Should It Begin?

What is the best age to start training a puppy? A puppy's learning mechanism awakens about twenty-one days after birth and becomes receptive to outside training by seven weeks of age. This is the ideal time to begin training.

The concept of early training is contrary to the old belief that a dog must be at least six months of age before embarking on any training programs. For example, Guide Dogs for the Blind in San Rafael, California has been successfully using the early training technique since 1948. Their dogs have to be well-trained, well-adjusted and well-behaved.

Early training can be compared to the fundamental education a child receives at home prior to entering school. Even a small child is expected to know the difference between running and walking, being noisy and being quiet; he is also expected to come when called and to stay put when he is told to do so. Without this basic foundation a child would have a difficult time adjusting to school and to society. The same is true of a puppy.

With the puppy, as with the child, the positive learning process should begin at an early age. The behavior patterns established at this age will have a dramatic effect on the behavior and learning ability of the dog in his adult life. When given the oppor-

CH. GLAD-MAC'S CRACKLIN' ROSIE, 1981-1992
 (Ch. Sandgreg's Mr. Hot Shot X Glad Mac's Sweet Caroline)

"Rosie" came to us as a baby, and won not only our hearts, but the hearts of the judges as well. Our first foundation bitch, she produced Ch. Hycourt's Midas Touch, Ch. Hycourt's Robin of Glad-Mac, and Ch. Hycourt's Blush With Pride before returning to her breeder. She then added Ch. Glad Mac's Taliesin the Bard CG to her Champion get, all sired by Ch. Sandgreg's Square Deal. After her retirement, Rosie shared the home and love of Dr. and Mrs. Richard Weiland and their daughter Angie. A lifetime is never long enough!

Sound and true to the Standard, "Robin" possesses true Terrier spirit and excellent movement. Producing Black, Brindle and Wheaten puppies, this handsome lad is available to approved bitches. If you are looking to improve fronts, top-line or angulation, he warrants your consideration. VWD high clear, "Robin" is spending his days now curled up on the couch beside his new owner.

Her Champion get already include: Ch. Hycourt Roxy Rose O'Haslemere, Ch. Hycourt's Holly of Glad-Mac, Ch. Hycourt Catch My Bouquet, Am./Can. Ch. Hycourt's Gold Card Destiny, Ch. Hycourt's St. Anne, Ch. Hycourt Dressed to Kill and Mex/ Intl/ Ch. of the Amer. Hycourt's Tiajuana Brass. Pointed puppies in the ring this year. June litter expected by Ch. Sandgreg's Here's Johnny.

A weekend in the States earned her both Majors and 12 points towards her American Championship. Move over girls -- Tia's coming back!

WORKING WEEKENDS

Six and one half year old Bonnie Maggie MacReady earned her Certificate of Gameness on April 11, 1992 in Moses Lake, Washington. The third time was the charm for Maggie, our "First Lady" and first Scottish Terrier.

Ch. Glenlee's Sable Fox, C.G. loves to work too. On April 12th the Ephrata-Moses Lake K.C. hosted an AKC Dachshund and Small Terrier Hunting Test Match, and Lucy did us all proud again, passing the Junior Hunter Test in high style, and earning the best score of the match. Her time from start to rats was seven seconds flat!! Also passing the Junior Hunter Test were Bonnie Maggie MacReady, C.G. and the newest member of the Gaelforce family, Amberwood Designing Woman. Lola is a lovely Smooth Fox Terrier who has developed a real "taste" for rats in the short time she's been here.

So how about it, all you Scottish (and other) Terrier owners out there? Maybe your dogs wouldn't mind going to work a few weekends, even if they gave up their "Show Dog" careers with a conformation or obedience title, or earned that Best of Breed, Group or Show win that thrilled you so. Come on folks, there's one more field to conquer, and you will be really glad you did! Those terriers enjoy their work, even on weekends.
