

DUE TIME

It's such a lovely day today.
We'll both enjoy the warm fresh air.
Let's let it blow our blues away
until we're left without a care.

We nearly have our work all done.
Our tasks and chores are almost through
and we can plan on having fun
when we pay off one debt still due.

There's one more job that's pending yet.
It should be finished, but it's not.
Come now. We're going to the vet.
It's time to get your rabies shot.
