## Blessing the Dogs

ONCE a year, on the feast day of St. Roch, writes Joe Byrne in the *Jersey Journal*, dogs of aristocratic lineage—those of low degree, pets of actors and actresses and others in public life, humble friends of the velvet-trousered and pearl-buttoned costers of London's East End, and companions of the blind and lame—go to the church of St. Thomas Moore on the outskirts of London to be blessed by the priest.

It is a solemn and touching rite and is done in memory of the saint whose festal day it is. Tradition has it that back in the 14th Century, St. Roch, while ministering to plague sufferers, contracted the malady himself and was run out of town by those who feared contamination. We learn that the suffering man of God would have died in hunger and misery but for the ministrations of a faithful dog who daily brought him food. And the good saint's last wish when he died, after more years of useful service, was that the fidelity of his dog might always be remembered. Why not? It was quite logical, because the dog had rendered a service to God in keeping one of His servants alive for further good work.—*National Humane Review*.

## Dog Stealing Revives

FROM many parts of the country come reports of dog thieves at work. Some of them are professionals, with sales establishments in different localities. Dogs stolen in one city are sold in another. It often happens that dogs are picked up on the streets and held until a reward is offered. This is a simple matter with dogs of the friendly, home-loving type.

The *New York Times* published a letter from a resident of Scarsdale, whose dog had vanished. The case is similar to hundreds that are reported, the difficulty being to prove that the dog was actually picked up. Said the writer:

A week ago our little wire-haired terrier disappeared. For days we scoured the countryside in vain.

Last night I broke the news to our little girl, who was due home from the hospital today. The dog was her pet.

One last chance remained. We had heard of the "dog-napping" racket—stealing dogs and holding them for a reward—and had advertised in the local weekly newspaper, which came out today. This morning a woman called to report that she had "found" the dog a week ago. Her first question was, "How much is the reward?"

The vicious part of this racket is that it is impossible to prove anything. Of course, any honest person finding a stray dog will immediately call the police, to whom the owner will usually have reported the loss. *If all local authorities would insist, as some of them do, that possession of another person's dog without reporting it is prima facie evidence of unlawful intent, perhaps this racket would stop.*—*National Humane Review*.

## DID I TELL YOU ABOUT MY WORMING?

Me — I was "sick as a pup." And there was the Master reading Albert Payson Terhune's article in the new *Sergeant's DOG BOOK*. "Now I know!" he says. "You've got worms! Let's get 'em!" So — I go without dinner — and next day he hands me a capsule.

"A Sergeant's PUPPY CAPSULE, eh?" I says. "No," he says, "you're a big dog now. It's a SURE-SHOT CAPSULE — death on worms fool!" It worked! I'm a new dog — thanks to the *DOG BOOK*. Get yours free at drug and pet stores, or with this coupon!

# Scottish Terriers

Associate Editor: DR. JOHN E. ROGERS, 16 Mt. Vernon St., Oshkosh, Wis.

**D**R. HENRY F. GELAYA'S Ch. Hillcote Destiny has been doing wonderfully well on the Southwest circuit. He captured a group at both Topeka and Oklahoma City, was second in the group at Wichita and Best in Show All Breeds at Kansas City and Joplin. Congratulations to his owner, and to his handler, Col. "Dick" Davis!

While on my summer vacation I was entertained by an old friend, Dr. T. R. Thorburn of New York City. Dr. Thorburn has quarters in the Buckingham Hotel and while Mrs. Rogers, Dr. Thorburn and I were enjoying cocktails, I noticed upon the wall a pen drawing of a Scottie head. I knew that Mrs. Golda Thorburn had been especially fond of one of the family Scotties and so I inquired about the drawing.

The drawing was of Diehard Sandy who was purchased from Diehard Kennels in 1925 as a gift for Golda. Sandy was sired by Diehard Taybank Dart and out of Diehard Morag. Sandy was the family pet, wherever Dr. Thorburn went Sandy went. He was inseparable from Golda. Shortly after the passing of Golda Sandy went on.

Sandy posed for a famous artist, Charles Liedel, in one of the famous New York restaurants. Mr. Liedel noticed Sandy following his mistress and asked if he might make a sketch. The original was sketched on the back of a menu. That original was copied and is being reproduced for readers of DOG NEWS in this issue.

Dr. Thorburn could not be without a Scottie for long. He replaced Diehard Sandy with Sandy Rankin, a beautiful brindle male. The new Sandy came from the Brookside Farm Kennels of Danbury, Conn. This Sandy was sired by Nedor Blackie, the II, and is out of Yankee Kilts.

Gene Hogan of the Loumas Kennels, North Little Rock, Ark., reports a litter of four puppies out of his Can. Ch. Haldon Crystal and sired by Cedar Pond Castaway. Crystal is by Haldon of Dunure out of Haldon Neta. The Hogans only have a small kennel and are putting all their efforts into raising a few really good ones.

Bramshire Brenda, owned by T. W. Bennett of the Deephaven Kennels, Minneapolis, is now an International Champion. She was Best of Breed at St. Louis and Best of Winners at Ft. Worth. She is a daughter of Ch. Crich Certainty out of Mossdraft Marigold.

C Cove Kennels of St. Joseph, Mo., report an even litter of eight puppies—four dogs and four bitches—by Can. Ch. Braw Lad II out of C Cove Lass, a

daughter of imported Grey Steele of Rookes, C. C. Winner at the London (England) Terrier Show. Can. Ch. Braw Lad II was Best of Winners at the recent Tri-State Kennel Club show at Joplin, Mo.

A few items have come in from Mrs. Winant's Edgerstoune Kennels of Concord, N. H. Their good bitch, Forget-Me-Not, has been mated to Benefactor,

## DIEHARD SANDY

Owned by Dr. T. E. Thorburn,  
New York City.

*The illustration is made from a pencil sketch by the famous artist, Charles Liedel. Mr. Liedel saw Sandy with his owner in a New York restaurant, sketched him on the back of a menu card and then presented it to Sandy's owner.*

and Latest News, the beautiful bitch which Mrs. Winant brought over from the Chapman Kennels in Scotland, is heavy in whelp to Masterpiece. Edgerstoune will show no more Scotties until the Westminster event in February. The Winant dogs have campaigned most of the spring and summer, have done their share of winning, and Robert S. German, manager of Edgerstoune, thinks they really deserve a rest. One exception may be Heather Phyllis of Edgerstoune, a good Chapman-bred bitch. She will probably be brought out at the late fall shows in New England by Charlotte Johnson of Concord. Phyllis

was imported in 1937. Two dogs owned by Mrs. Winant are marooned in England at Mrs. Winant's home in Geneva, Switzerland. She hopes to get them back to America on an Italian liner. One is a Scottie, the other a prize Westie.

**A CORRECTION:** Heather Sensation is not owned by T. W. Bennett, but by S. G. Bennett of Toronto. Our apologies to this Canadian owner.

Dr. F. H. Secretan of Toronto, was recently elected President of the Scottish, Cairn and West Highland Club. Dr. Secretan's Desril Rock completed his Canadian title at the Central Canada Exhibition Show in Ottawa, with William H. Pym judging. He went clear through to Best in the Terrier group and bowed only to the well-known American Dachshunde, Ch. Herman Rinkton, for Best in Show. Following the Ottawa event, Desril Rock repeated his breed wins at Toronto and then placed second in the group to the Wire which was eventually Best in Show. He again repeated at the Canadian National Exhibition and at Hamilton, Ont. Those who were at Morris and Essex will remember Desril Rock as the dog which captured first in the Limit class.

Date of the fifth annual Specialty Show of the Scottish Terrier Club of Indiana has been changed from November 19 to Tuesday, November 28. The change in dates has been made because of a conflict with the Minneapolis All-Breed Show and because the new date fixed for Thanksgiving would inconvenience exhibitors who wished to attend both the Indianapolis and the Chicago Specialty Shows. Under the new date—and remember, it is Tuesday, November 28—it will be possible for handlers and exhibitors to spend Thanksgiving at home, attend the Specialty Show on November 25-26 and the Indianapolis Specialty on the following Tuesday. All of this in one trip, and Indianapolis is only 185 miles from Chicago.

Mrs. Flagler Mathews, of Rye, N. Y., will judge the Indianapolis show. In 1938 this was the largest Scottish Terrier Specialty Show in the United States, and it is always a five-point entry in each sex. Mrs. Mathews has done much to advance the breed and has faithfully supported shows in all parts of the country. She is known as one of the fairest and ablest Scottish Terrier judges and should attract one of the largest entries in the history of the show. Premium lists which show an exceptional offer of trophies and cash prizes, may be obtained from the superintendent of the show, Albert G. Meyer, 2645 Madison Avenue, Indianapolis. Judging of

# Visiting About

THE following letter came from Mr. Joe Heller of the Alladin Kennels, Kingsport, Tenn. Aside from being interesting and newsy it contains quite a bit of food for thought so we quote it in full.

"Last week I returned from New York where I visited some few of the large Scotty kennels. Among the ones I visited were: Maloney's Gold Finder Kennels, Relgalf Kennels, Cedar Pond Kennels, McBain's Diehard Kennels, and Glenafton Kennels. I must say here that the Southern hospitality hasn't any thing on the Yanks.

"I first visited the Goldfinder K's. and found Mr. Maloney away in England. I saw his Gold Finder's Bartender and several of his other dogs, all very nice.

"The next day I visited the Relgalf K's. and spent half a day there with Russel Oppenshaw the manager. He certainly has a dream kennel. Nothing lacking in comfort for the dogs except innerspring mattresses. There were so many Champion to see that I became swimmy-headed. . . . To say nothing of the young stock.

"The following day I visited the Diehard K's. Spent half a day there. McBain is a Peach. He has one more pic-

turesque place. It is a large fruit farm, loads of space and a swell looking bunch of dogs. Ch. Cabrach Calibar was in the rough and he looked better than some champions I have seen in show condition. I can't see how McBain finds time for his fruit trees between his dogs and visitors, but he seems to manage.

"The next stop was the Cedar Pond K's., another picturesque place, beautiful grounds bordered by two lakes. Mr. Goudie had just left for some New England shows and his young son showed me around the place. It looks as though Mr. Goudie is going in for Welch Terriers in a big way, but he still has a number of nice Scotties.

"The next visit was to Glenafton K's. There I saw some of their Scotties. Part of them were on the road. Glenafton Masterpiece in my opinion was the nicest dog I saw that was there. There were quite a number of good looking bitches too numerous to mention (frankly I can't remember all their names). This kennel was the last one to visit while in New York.

"I think that every breeder should, if possible, visit kennels away from the locality where they live and show their dogs. By doing this, some day, there might be one type and standard for the Scotty, instead of one section breeding low, heavy dogs and another breeding something else, etc. If the breed is to carry on, how else then can it do so, except by interesting novice breeders.

(Continued on page 54)

## "WALSING"

is a prefix occupying a unique position in the Scottish Terrier Cult and denotes a long line of consistent winners of the highest quality, all bred down from what has proved to be one of the most successful bitch lines of all times, the chief pillars of which include the great producing bitch, Champion Walsing Whisper, and her daughter, Walsing Waitress.

As can be well understood, present conditions in England render it necessary to restrict any breeding on a large scale and major dog shows are only a probability for some time to come.

The owner of the Walsing Kennel has, therefore, reluctantly decided to dispose of what are actually the pick of the present show stock. This will enable such specimens to compete for and achieve the highest distinctions to which they are entitled.

It is emphasized that the Kennel is by no means being disbanded. Certain older bitches and several bitch puppies are being retained to enable the threads to be taken up again in more normal times.

1939 has proved a peak year for these kennels. In eight months 12 Challenge Certificates have been secured by the Walsing prefix; and altogether in the same period 17 Challenge Certificates have been won and 4 Champions made—the direct result of this outstanding bitch line.

The following are offered as being definitely the best of the present show stock and are recommended with every confidence:

### 1. WALSING WHIRLWIND

Born 8/10/38. Sire—St. Margaret Sunalturn by Ch. H. Fashion Hint ex Lonkley Lassie (Ch. H. Necessity). Dam—The great Ch. Walsing Wellborn (dam of the sensational Heather Benefactor, Ch. W. Warrant and W. Wyona [2 certs.] in one litter) by Ch. Malgen Juggernaut ex Walsing Waitress (Ch. A. Barty ex Ch. Walsing Whisper). Whirlwind is black and is undoubtedly the outstanding young dog in Britain today. He is the dog the breed in this country has been waiting for since the loss of Realisation and his great son Benefactor.

Had times been normal this dog would not have been allowed to leave the country or even offered for sale.

At Harrogate on the 2nd September (his first Championship show) he won his classes, the Challenge Certificate and Best of Breed, and is confidently recommended as a sure American Champion and his breeding will ensure him a great stimulus to the breed.

Beautiful head and expression, small dark eyes, good ears and most wonderful neck, shoulders and front. Short, strong body, low to ground, great quarters, perfect tail carriage. Absolutely the correct size and a grand showman. He moves perfectly and is a very high quality dog.

### 2. CHAMPION WALSING WOVEN

Born 12/5/37. Sire—Walsing Waiter by Randolph of Rookes ex Walsing Waitress. Dam—Walsing Watercress by Rosehall Rip (by Necessity) ex Walsing Wicker (Barty ex Whisper).

Woven is a black brindle bitch of the correct size and great quality. She has proved herself to be the premier show bitch of the 1939 season. In July she won her sixth Certificate, the last four of which were secured at successive shows.

Woven is a marvelous bitch teeming with style and character which she displays all the time in the ring and is well nigh faultless. Has been bred from once only and proved a very easy whelper and perfect mother. Still with a great show career in front of her this bitch will also undoubtedly make history as a brood. Due in season November and could be mated to Ch. W. Warrant if desired.

### 3. WALSING WIZARD

Born 25/1/39. Sire—Heather Benefactor (Ch. H. Necessity ex Ch. Walsing Wellborn). Dam—Ch. Walsing Woven.

Wizard is a dark brown brindle and is undoubtedly the best son of Benefactor whom many people considered the greatest Scottish Terrier ever produced. This young dog has not yet been shown but a great future lies before him both at show and stud. He is a true "Fashion Hint" type of dog possessing a long head and marvelous body, low to ground and absolutely sound and game. A very good young dog indeed and offered with every confidence.

### 4. WALSING WATERNYMPH

Full sister to Whirlwind and also black.

This young bitch has had a most successful show career during the last few months and has won several firsts and other prizes at Championship and Open shows, needing only two or three points for the Kennel Club Junior Warrant. At Kensington Championship Show she won in very keen competition the Any Variety Puppy Stakes.

A very high quality puppy whose breeding value cannot be surpassed. Due in season—December.

All the above are in perfect health and guaranteed sound in every way.

Nos. 1, 2 and 3 are coming into very good show form but No. 4 has been recently stripped and will not be ready until about January.

Application for prices should be made to the "Dog News" Scottish Terrier Editor, Dr. John E. Rogers of 16 Mt. Vernon St., Oshkosh, Wis., who has kindly undertaken to reply to enquiries on my behalf.

Shipment by American boats can be arranged.

Any other information will be given on request with pleasure.

If you have been wondering why your notes did not appear in October, you have the answer, and the notes appear in this issue.

Mrs. J. C. Firing, of Chicago, has bred Firing's Dusky Girl to Ch. Albourne Sandman, owned by Mr. and Mrs. Beldsoe, St. Joseph, Mo. Dusky Girl is a daughter of Ch. Ardmere Royalist out of Lady Dushka of Jerrock. Lady Dushka is at present romping with a litter sired by the late Heather Select. Mrs. E. Kline is rearing the litter.

From our good contemporary, *Kennel Review*, we learn that William MacBain and his daughter, of "Diehard Scotties," was a passenger on the ill-fated Athenia, but both were saved and are still in Scotland.

Mrs. William Constable recently had the misfortune to lose her good Gaisgill Nicotine. She has purchased from Bryce Gillespie of California, Bothkennar Royal Scot, a promising ten-months-old puppy.

John Kemps' Acton Hill Standard Bearer completed his championship at the Huntington Valley show in May. He won thirteen points last fall, was shown a few times in the South for specials only this spring, and then went East to finish in the open classes. Altogether, this young dog (just 2½ years old) was exhibited eighteen times. He was Best of Breed on four occasions, twice Best in the group, four times Best of Winners and twice Winners. He was shown in four different sections of the country, handled by Col. R. L. Davis in the Midwest and Southwest, by John Murphy in the South and Northeast. He will be shown again for "Specials Only" this fall.

The Scottish Terrier Club of Chicago will hold their annual Specialty at the Coliseum in Chicago on November 25-26, in conjunction with the Western Specialty Club's Association show. The judge is the well-known Eastern authority, H. Alvin McAleenan. There will be prize money and silver-plated trophies in all the regular classes, special prizes for Best of Winners, and a handsome gold trophy for Best of Breed.

## Show Wins

GAVIN H. MACBAIN judged the Tuxedo, N. Y., show on September 9. Glenafton Kennels' Glenafton Goldseeker went from the Open Class to Best of Breed, the bitch points going to the same owners' Nonnie of Glenafton.

The Topeka, Kans., show on September 14-15 was judged by C. J. Casselman. Dr. Henry Celaya's Ch. Hillcote Destiny was Best of Breed and first in the group. Cy Ann Kennels' Cy Ann Revenge was Winners Dog and Best of Winners, and Dr. S. W. Nakashian's Annandale Peggy, Winners Bitch.

Glenafton Kennels' Ch. Redlington Real Gem was Best of Breed and second in the group at Far Hills, N. J., on September 16; Mrs. John G. Winant's Edgerstone Benefactor Winners Dog and John Goudie's Cedar Pond Coquette Best of Winners. R. A. Kerns judged.

At the Mission Valley Kennel Club event held at Kansas City on September 16, Ch. Hillcote Destiny was not only Best of Breed, but went on to place Best in Show All Breeds. Cy Ann Revenge was Winners Dog and Annandale Peggy Best of Winners.

By a strange coincidence there were no males entered at the Glendale, Calif., event on September 17. Mr. and Mrs. Bryce Gillespie's Bothkennar Coronation was Best of Breed and then went on to top the group.

The Allentown, Pa., show was a field day for the Glenafton Kennels, who took all top honors. Ch. Redlington Real Gem was Best of Breed and third in the group, Glenafton Goldseeker, Best of Winners and Nonnie of Glenafton, Winners Bitch. S. Edwin Megargee, Jr., judged.

P. K. Groves was on the woolsock at the Lake Forest show on September 17. Mr. and Mrs. M. C. Day's Black Ace of Lau-Mer was Winners Dog, Mrs. J. G. Little's Havahome The Berriers Best of Breed. At Wichita, Kans., on September 18-19, Cy Ann Revenge was Winners Dog, Mrs. Faris Elzea's Glen-cady's Spunky Lassie Best of Winners and Ch. Hillcote, Destiny Best of Breed and second in the group.

Joplin, Mo., September 21-22. Charles Hopton, judge. Winners Dog and Best of Winners, Jack Thatcher's Braw Lad II. Winners Bitch, Glen-cady's Spunky Lassie. Best of Breed and Best in Show, Ch. Hillcote Destiny.

Springfield, Mass., September 23. Matt R. Korshin judge. Winners Dog: Relgalf Kennels' Chieftain of Gedling. Winners Bitch and Best of Breed, the same owners' Relgalf Reknown. The Reserve dog and bitch were also captured by Relgalf—Chieftain of Gedling

**T**HE next really big show for Scottish breeders will be held in the Chicago Coliseum on November 25th and 26th. The Scottish Terrier Club of Chicago is offering a gold tone trophy for Best of Breed. Silver plated trophies are being offered for all of the classes with a large silver plate for Best of Winners. In addition to these handsome trophies there will be money prizes for all classes except bred by exhibitor class.

Alvin H. McAllenan, President of the Scottish Terrier Club of America will look them over. It is expected that there will be a large entry and Mr. McAllenan will be greeted with a host of Scottish Terrier fanciers at his debut in the West.

Mrs. Marie Stone's Carioca has just crashed through with a litter of four by Gaisgill Royalist, Cleopatra from the same kennel bred to Kinclaven Casanova has recently had a litter, but I have not heard what Mrs. Stone thinks of them as yet. Mrs. Stone has some nice ones in the kennel and several champions, among whom are Ch. Leading Lady and Ch. Kinclaven Claudette. I fancy Mrs. Stone will be at the Chicago Specialty with the Flyer.

Edward L. Kidd of Richmond, Virginia, has imported Walsing Warrantor. He is keeping him at stud in his own kennels. Robert Chapman says that he is a great Scottie, has a grand head, both for length and type, perfect front and is a good show-man. I understand Warrantor has seven points in this country.

Have you tried the new tooth powder and tooth brush for your Scottie, manufactured by the Kennel Products Company? It removes stains from the dog's teeth as well as tartar, making the long tedious job of mechanical scraping unnecessary. Dr. Sawdey, a dentist of Des Moines, Iowa, has developed the preparation.

Word has just come from Acton Hill Kennels that Rhapsody in Black has passed on. This young bitch won Best Novice at Morris and Essex at the Spring show and has done considerable winning throughout the circuit. The cause of her death is unknown. The Kemps had plans for showing three of this litter and felt that all had plenty of what it takes to make a champion. Sir Galahad is now on the circuit and they expect to finish him shortly.

Have you noticed William Singleton's "Walsing" ad in this issue? Mr. Singleton has sold a great number of outstanding specimens during the past several months in America. At this time, because of war conditions, he is offering

## Visiting About

(Continued from page 51)

"I am a novice myself and have found it very hard to establish in my mind what an ideal Scotty is. I have read the standard over and over. I have seen this Champion and that Champion. Each breeder according to his opinion has the ideal Scotty and very few are any thing like being the same type. Is there truly a standard that judges go by? If so, why then this vast difference in physical make-up of one of our most popular breeds. Either the breed needs a new standard or judges that will adhere strictly to the old standard. One of the two must be, otherwise the breed will suffer."

and Relgalf Rebelette respectively—a real field day, we should say!

Walter H. Stern judged the Westbury, L. I., event on September 24. Mr. and Mrs. H. Alvin McAleenan's Flornell Real Fashion went from the Open Dog class to place Best of Breed and fourth in the group, the bitch points going to Cedar Pond Coquette.

The Springfield, Mo., show on September 24-25, chalked up another Winner Dog for Cy Ann Revenge, Best of Winners for Annandale's Peggy and Best of Breed for Ch. Hillcote Destiny, Alf Mitchell judging.

Deephaven Kennels' Bramshire Brenda placed Winners, Best of Breed and second in the group at the recent St. Louis show, Mr. and Mrs. Turk Humphrey's Royalist Sandy Boy getting the dog points.

Charles C. Stalter judged the Devon, Pa., show on September 30. Peggy Goudie's Cedar Pond Chief placed Best of Winners, Mr. and Mrs. Edward Danks' Battison Bellahouston Winners Bitch and Relgalf Kennels' Ch. Flornell Sound Laddie Best of Breed and first in the group.

Oklahoma City, Okla., September 30, October 1. Chris Shuttleworth, judge. Best of Winners, Cy Ann Revenge. Winners Bitch, Jack Best's Kiloran Judy. Best of Breed and first in the group, Ch. Hillcote Destiny.

## Standard Schnauzers

(Continued from page 49)

most question in the minds of all Schnauzer breeders is whether our former President, Mr. Schultz, will be sufficiently recovered from his long illness to be able to be present; we all hope to see him put in an appearance, even if only for a few moments, and we shall be saddened if he does not.

Recently I had a most interesting visit to our present "Presidential" kennels, and Mr. Lamberton proudly showed me a most promising litter of five out of that lovely bitch of his, Ch. Mitzi von Benhurst; they are a most even and hard coated little lot. He also has some very good looking youngsters about three months old, sired by his Hector von Benhurst, which all seem to have inherited Hector's heavy bone and his dark and expressive face. If they carry on as they have begun, Wanango's offspring will be making us all step.—Winifrede Sinclair Atkinson, Sec. Schnauzer Club.

## Standard of the Cockers

hair between the toes. They should turn neither in nor out.

**Stern**—Should be set on and carried level with back, and when at work its action should be incessant in this, the brightest and merriest of the whole Spaniel family.

**Coat**—Flat or slightly waved, silky and very dense, with ample Setterlike feather.

**Color and Markings**—Blacks should be jet black, and reds, livers, etc., should never be faded, or "washy" shades, but of good, sound colors. White on the chest of self-colors, while objectionable, should not disqualify.

**Weight**—Not under eighteen or exceeding twenty-four pounds.

**General Description**—Embodying the foregoing, i. e., a neat-headed, wide-awake, serviceable-looking little dog, with an expression of great intelligence; short in body when viewed from above, yet standing over considerable ground for one of his inches upon strong, straight front legs, with wide, muscular quarters suggestive of immense power, especially when viewed from behind. A downward tendency in front he ought not to possess, but should stand well up at the shoulders, like the clever little sporting dog that he is. Massive in appearance by reason of his sturdy body, powerful quarters

(Continued from page 19)

October 15th. Miss Flag expects to bring back three fine English Cockers. Three years ago she imported Miss Trilby of Ware and she is now an American champion. From Miss Trilby's first litter came the Laird of Uxbridge, which had little trouble in securing the title and became the first American-bred English Cocker champion.

Prize money at the coming Midwest Specialty is very liberal. There will be \$10, \$3 and \$2 in all classes of six or more and many handsome trophies are being offered. An interesting feature of this show will be the Bred-by-Exhibitor Novice Stake with a cash value of \$400.

# Now You Can WORM YOUR DOG as Successfully as an Expert For Only 50¢

WITH Pulvex (Combination Treatment) Worm Capsules, you can free your dog of Tape, Round (Ascarid) and Hook Worms . . . or any combination of the three! Dogs frequently have more than one kind of worm at the same time.

No previous worming knowledge or experience needed. Each package of Pulvex Combination Treatment Worm Capsules contains two types of capsules which, given a few days apart, positively expel any one or all of these three kinds of worms. Two types of capsules are included in the package because—

NO KNOWN SINGLE CAPSULE CAN EXPEL ALL 3 KINDS OF WORMS. Whenever you use a specific Tape Worm Capsule or a specific Round and Hook Worm Capsule, you may be dosing for the wrong kind of worm or worms. Pulvex Combination Treatment Worm Capsules expel all three kinds of worms, thereby enabling you to worm your dog thoroughly.

Worming your dog at home spares him the ordeal of strange handling, strange surroundings—and saves you 50% to 80%. Demand Pulvex (Combination Treatment) Worm Capsules—the only treatment in one package that expels Tape, Round (Ascarid) and Hook Worms. Packaged two ways: for dogs and puppies 10 pounds or more; for puppies and dogs 10 pounds or less. Either package, 50c. Double size packages, 75c. At pet, drug and dept. stores.
