

## HIS COLLAR

His collar is his dress.  
No matter where he goes,  
attired more or less  
according to his whim,  
his collar is his clothes.

His collar I.D.'s him.  
In fashion or in rags,  
in shaggy coat or trim,  
he is identified  
by collar I.D. tags.

His collar is his pride,  
the symbol of his strength,  
of status and of health,  
of influence and wealth,  
a mighty 16 length.
