SCOTTISH TERRIERS

Annual Issue

HERE IS THE 1967 Scottish Terrier issue of Dog News, which marks the closing of a good year, for '66 really was a good year with more champions finished than in either of the two previous years. 1967 got off to a great start, with Ch. Bardene Bingo's Best in Show win at Westminster. He is the 4th Scottie in history ever to go clear to the top at the Garden.

Just two years ago, in 1965, the Stallers' great bitch, Ch. Carmichael's Fanfare went up. The other two Scotties which went Best in show were A. Albright's Ch. Tickle Em Jock, and this was way back in 1911. It was a long wait then until another Scottie finally made it clear to the top. This was in 1945 when Mr. and Mrs. T. H. Sneathen's Ch. Shieling's Signature was Best in Show.

Todhill Kennels, owned by Mr. and Mrs. Robert C. Graham, surely did their share of winning last year. They finished Gaidoune Gaiete, appearing on the current fiscal list, and also Todhill's Thunder Bear, a Ch. Special Edition daughter, owner conditioned and handled. They have

special Edition produced, but think it was somewhere around twenty-five, and he has many get that will undoubtedly finish in the months to come. Only about ten Scotties, in all the history of the breed in this country, sired twenty or more champions. Special Edition certainly is a member of that very exclusive club.

Along with Special Edition, the Grahams also lost their old Ch. Todhill's Honest John, and John's

a couple of point winners you will be seeing this summer. Todhill's Rare Edition, a Special Edition daughter, has nine points. Todhill's Bear Enchantment has a major thus far, and a young dog, Todhill's Absolute Necessity, owned by Miss Nancy Duffy of Rome, N. Y., needs only two points to finish. Nancy is 17 years old, and has learned to condition and show her own dog. She plans to become a veterinarian. Mrs. Graham writes, "She is indeed quite a girl".

Along with the good news from Todhill, comes some that is truly bad. They recently lost their great producer, and one of the breed's really great winners, Ch. Special Edition. We do not have the exact number of champions which Spe-

dam, Todhill's Patience. She was the last living daughter of Winning Trick. Trick's line certainly goes on and on, and the Grahams are fortunate in having a seven-months old daughter of Ch. Todhill's Rough Trick, which was Trick's last son. While he is still living, he is now eleven years old and was retired sometime ago from siring.

The Anthony Stammers were awarded the lion's share of top trophies at the Scottish Terrier Club of America's Annual Award presentation, which was held during the Westminster weekend in New York. The Stammers won the "Big 3", — the Lloyd Memorial Trophy, the Jane C. Moloney Trophy, and the Walsing Winning Trick Trophy.

The winner of the Lloyd trophy was the Stammers' English import, Ch. Bardene Bobby Dazzler. The Stammers won this same trophy in 1964 with Ch. Anstamm Dark Venture.

The Moloney Trophy was won through the combined efforts of several of the Stammers' dogs, and the Winning Trick Trophy by the Stammers' well known Eng., Am. and Can. Ch. Bardene Boy Blue, the sire of eight champions in 1966. To date Boy Blue has sired a total of nineteen champions.

We felt badly indeed to get a late note from the Stammers telling us that they were curtailing their Scottie activities in the months to come. Tony is undoubtedly finding that his new "job" as Michigan State Senator is plenty demanding.

It's always good to see new youngsters making nice wins, and that is certainly what is happening to the nine months old homebred pup of Julia and Joyce Smith, of Stafford, Texas. He is Lea's Hi Go Silver, a son of Ch. Lea's Silver Sentinel ex Gaidoune Go Between, and this puppy really has been going to town. Shown in the Puppy Class at three shows, he was Best of Winners at San Antonio, Best of Breed at Galveston, and Best of Winners at Houston. All three of these shows were four pointers, so the youngster has picked up twelve in his first three trips to the show arena. Judges at these three shows were: Major Godso, Mrs. Ann Gilkey, and Derek Rayne.

Here's news of a new Champion, Gaidoune Dockie Plaid, the first Champion for her owners, and a

member of the first litter they ever bred. The owners are Bill and Shirley Justus, of Corpus Christi, Texas. Dockie is a daughter of Ch. Gaidoune Grin and Bear It out of Gaidoune Scots Delight. Her owners had just moved into a new home, things were pretty much at sixes and sevens, and they really hadn't planned to show her at the show where she finished. At the last minute they changed their minds, and entered her at Galveston and Houston. She was Best of Winners and Best Opposite at both events, and she was owner-handled throughout her career.

Helen Gaither's Gaidoune Kennels really had a wonderful 1966. The champion list and the compilation certainly are proof of that. Four Gaidoune Scotties were Group winners during the year, Grin and Bear It, Party Girl, Dream Girl and

THE PRODUCERS

THAT the popularity of the Scottish Terrier has grown steadily in the last few years is demonstrated again at the close of 1966 by an announced 20% increase in total registrations. The average per month has risen to just under 550 dogs and bitches. At the same time, the Stud Books which now list only those used for breeding are averaging about 100 per month, the difference in the two figures indicating the large number sold only as pets or companions. A closer look at the Stud Book listings reveals that about 50 to 60% are not a part of the world of the show dog. Their registered names have no kennel prefix and the names of their sires and dams convey no hint of producing lines. The picture, of course, varies from month to month but in a year remains fairly constant showing that the bulk of the breedings are being made by or for the pet trade. Increased total registrations do mean breed popularity with greater demand for puppies but unfortunately do not indicate greater quality in

CH. WALSING WINNING TRICK

the over-all picture.

In the year just closed there were more and bigger all-breed shows, more specialty shows and consequently more champions finished. However, this higher number of champions does not necessarily add up to greater quality either, only that more dogs were campaigned more heavily to point wins. Only at specialty shows or in group competition with other terriers does high quality show up for in the breed entry itself there is no brake on the number of champions and one champion entered is almost certain to go automatically to best of breed. So, although 87 champions finished this year the general group and best in show wins were surprisingly low in all sections of the country with the exception of the Pacific Northwest where Ch. Bardene Bingo dominated the scene.

In contrast to the welter of unknown names found in the Stud Books the ranks of show dogs con-

tinue to fall into the regular pattern of established producing bloodlines. Just a year ago a list of sires who had produced ten or more champions was drawn up, the list dating back to Ch. Bapton Norman whose first champion was whelped in 1910. Twenty-seven dogs appeared on that list and at the end of 1966 there is only one additional name, that of Ch. Gaidoune Great Bear, who was one short of qualifying in 1965 but in 1966 has added five champions to put him well up on the list. There are still a half dozen or so older, but still active sires, who remain on a tentative list with 8 or 9 to their credit at this time. On the tentative list also are a few very recent sires whose careers at stud are just beginning to build up. The numbers change with every issue of the AKC Gazette but they

tend to add more names to already established sires rather than to lengthen the list. The siring years of more than half on the list are now finished and producing sons are slow to appear. The list of 26 divides rather sharply into what might be termed an elite class who have 30 or more champions to their credit. There are only ten

CH. WESTPARK DERRIFORD
BAFFIE

of these with Ch. Edgerstoune Troubadour way out in the lead with 35. He is followed by Eng. Ch. Heather Fashion Hint (28), Ch. Deephaven Red Seal (24), Ch. Special Edition (23), Eng. & Am. Ch. Walsing Winning Trick (23), Ch. Shieling's Signature (22), Eng. Ch. Westpark Rio Grande (21), Ch. Blannart Bolero (20), Ch. Heather Gold Finder (20) and Eng. & Am. Ch. Westpark Derriford Baffie (20). The next nearest competitor is Eng. & Am. Ch. Bardene Boy Blue whose record has jumped in one year from 10 to 18 champions and can be expected to

move up into the 20 or more class in the near future. The next two in line with 16 each have finished their careers and thus for the present the top class remains at ten. All this is not meant to imply that only those on the list will produce quality progeny but past experience indicates that producing blood-

CH. DEEPAHVEN RED SEAL

lines in the right hands have the best chance to continue. Quality is most apt to produce quality or as George Skelly in his book on the Fox Terrier quoted the old Scotch proverb "Marry not the maid who is the only good maid in the clan."

With a few exceptions the 26 dogs listed have combined outstanding show careers with successful siring ability. Their sons tend to continue their prowess in one or both fields, consequently we have small groups of producers or each of the principal bloodlines. The top example to date is that of Winning Trick who, up to the advent of his great-granddaughter, Ch. Carmichael's Fanfare, held the record of 28 best in show wins and sired 23 champions. His son, Ch. Edgerstoune Troubadour, was a top winner in 1951 and '52 and as we have seen still leads as a sire by a wide margin. Troubadour's son, Ch. Trojan of Elm Hall

the puppy, Gaidoune Southern Gentleman, which is owned by Mrs. W. W. Grant of Birmingham.

In addition to doing some great winning over the years, the Gaidounes have certainly made their mark in the producing field. Great Bear, of course, is the Head Man on their list. We believe this total record of champions produced to date is fifteen. Ch. Gaidoune Gisele won the parent club's trophy for Top Brood Bitch in 1966, and to date she is the dam of six champions, three on the current list.

It is interesting that Ch. Gaidoune Great Bear was the sire or grand-sire of all the finalists in the Sweepstakes at the Scottish Terrier Club of America Specialty which was held at Montgomery County last October. Two of those Sweepstakes winners, Gaidoune Great One, a Great Bear son; and Scots Delight Rough Rider, a Great Bear grandson, are now champions.

Ch. Gaidoune Party Girl was Best of Opposite Sex at the Spe-

cialty in New York in February. She is a Great Bear daughter, was only shown at the Specialty in New York this year.

The Scottish Terrier Club of Greater Washington, D.C. will have a Match on June 10 on the Elipse, which is just behind the White House in Washington. Louise Howe is Match Chairman, and Sam Valdes, well known breeder and owner of Tavvicat Kennels will judge.

A late flash — T. H. Snetben has been approved to judge the Greater Washington Specialty Show in 1967. This show cannot be held at the Rockville Civic Center, the usual spot. Club members are asked to bring or send suggestions for available space.

An item in the Club Bulletin is rather interesting, stating that the grafting of canine corneas to man is now feasible. This is according to a release from Dr. P. Payrau, of the Rothschild Foundation of Ophthalmology in Paris. Cornea transplants from pigs or calves to man have not been successful, but the ones from dogs seem to work.

When we got the picture of Ch. Reab Hill Merry Quite Contrary this month, we weren't too sure as

to who the handler was, so dropped Robert Marshall a line. Back came a letter in which he said, "I must plead guilty." The Marshalls have bred and exhibited Scotties for some six years, have finished eight Champions, handled seven of them to their titles, both Mr. and Mrs. Marshall do the handling. Four of the seven champions were owner-bred, all from Ch. Fashion Felicity. And speaking of the bitch that is pictured, Quite Contrary, Mr. Marshall says, "She is a perky youngster, at times wild as a March hare, but at other times a tremendous outgoing showman. I think that when they enjoy the ring and have a jauntiness about them,

time and maturity simmer them down." We thoroughly agree, if you are showing a Terrier that tends to get a bit out of hand, don't worry, particularly if it is quite young. As Mr. Marshall states, time will simmer it down, and as long as the wildness is only exuberance, don't worry about it.

Hilda Bigelow finished a new champion at the recent Cleveland show. Cleveland is truly a lucky show for her. The new champion is Ch. Hil-Rays Signal Encore, which needed only a three point major to finish and got it at Cleveland. He was Winner, Best of Winners and Best Opposite. He is a beautiful gray brindle. At the 1965 Cleveland show, Hilda finished Ch. Hil-Rays Black Imp. He needed only one point, and took it and more too by

going Best of Winners under Derek Rayne. He hasn't been shown in Specials as yet.

Always enjoy seeing the Reason A. Krick's in New York. Usually run into them in the railroad station while leaving for home. This year they won the Jepson Trophy for Bred by Exhibitor wins. They had 75 points, their nearest competitor had 38. Sharonlane has won this trophy for three years.

This year their big winner from the Bred by Exhibitor Class was their lovely Wheaten Ch. Sharonlane Gold Medalion. He started his show career at nine months of age, winning Junior Sweepstakes at the Chicago Specialty. The next week he took his first major at Mattoon, and at this show he won the Group. He won his second major at Hammond, and his third and Group Fourth, at eleven months of age, at Peoria under Anthony Stamm. We have had a lot of rave notices about Gold Medalion from people who have seen him, and you will undoubtedly be seeing him in the Specials Class this year.

Current Scottie Champions

THERE ARE eighty-seven Champions on the current fiscal list, which covers a twelve month period, consisting of the Champions, whose titles have been confirmed and published in the issues of the American Kennel Gazette from March 1966 through February 1967 inclusive. Incidentally this is an increase of ten in the Champion list over similar periods in 1965 and 1966.

Leading Sire

The leading sire is Ch. Bardene Boy Blue with eight of the current Champions to his credit.

In second place is Ch. Gaidoune Great Bear with six Champions.

Third is a tie and between three dogs, each with five Champions. These three are Ch. Special Edition of Todhill, Ch. Marlorain Proud Piper and Ch. Bardene Bingo.

Those sires which produced three each of the current Champions include Ch. Bardene Bobby Dazzler, Ch. Barberry Knowe Blizzard, Ch. Blamart Bold Ruler and Ch. Anstamm Dark Venture.

Bingo, top winning Terrier for 1966, was also among the Top Ten in 1965. He came to this country late in the summer of 1964, and he is already the sire of eight American Champions. Among Bingo's many Best in Show wins, he has for three successive years placed Best in Show at three of America's largest and most important events — Beverly Hills in 1965, Santa Barbara in 1966 and Westminster in 1967.

Bingo's young son — not yet two years old — came out recently for the first time. Shown twice at Palouse Hills and Inland Empire, he went Best of Breed at both events, and won the group at Palouse Hills under Major Godsol. Both shows netted him five point Majors.

Leading Dam

The award of Leading Dam would go to three bitches, each of which produced three Champions. They include Ch. Gaidoune Gisele, Ch. Balachan Gambit and Ch. Blanzart Bewitching.

Quite a few of the ladies came through with two Champions each and included in this list are: Ch. Garlu Haggis Heather, Ch. Lady Alberta, Ch. Anstamm Ebony, Barberry Knowe Frolic, Braggart Muekle Meg, Ch. Marloraan Lollipop,

In third spot, Robert and Mildred Charves stand alone with four Champions.

In the next spot are Mr. and Mrs. Robert Leathers, A. Meston, and Blanche Reeg with three Champions each.

These are followed by the breeders which produced two Champions each and they include: Betty Malinka, Frances Moore, Dr. and Mrs. T. Allen Kirk, Jr., Mrs. Vanna Mapplebeck, John P. Murphy, Marloraan Kennels, Dorothy and Wm. Morris and Richard and Jane Van Istendal.

The leading breeder this year is Helen Gaither — ten of the current Champions were bred by her. Being in first spot is certainly no novelty to Helen, who for the last four years has either been Leading Breeder, or tied for that position. Actually in the last five fiscal years, Helen has bred a total of twenty-nine Champions, which is indeed a terrific record.

This year in second spot are two breeders, each with five Champions and they are Mr. and Mrs. Anthony Stamm and Mr. and Mrs. Chas. C. Stalter.

British Notes

By Alice Erworth
273 Durand St.
East Lansing, Mich. 48823

RESTRICTIONS on the entry of dogs at Cruft's enormous show resulted in a marked decrease in both dogs and entries from the numbers of a year ago. The total entry of dogs was climbing beyond 8,000 which greatly exceeded the capacity of Olympia to accommodate them. In addition to the question of space needed the Committee hoped to eliminate "the pet dogs, the throw-outs and the also rans" as Stanley Dangerfield put it. Every entry must have qualified by winning a prize at a championship show under an approved judge of the breed. Also puppies under eight months of age were ineligible. This year the number of dogs entered fell to 8,846 a decrease of nearly a thousand under last year's figure. This is the lowest entry since 1960. If the quality of dogs presented was raised generally that should in itself raise the prestige of the show but there were other advantages such as more room for dogs, exhibitors and sightseers to move around and a more leisurely pace for judges in making their decisions. Only half a dozen judges had more than 125 dogs to handle in a day which is enough for any judge to assess if he is to make a careful job of it. Scottish Terriers under Mrs. L. J. Dewar numbered 53 compared to 81 last year.

Detailed reports on the judging results have not yet arrived so we can give only the highlights this month. The Lakeland Terrier, Ch. Stingray of Derrybarr crowned a notable show career by taking the best in show award. He won the Terrier Group at Cruft's last year and was best in show at Manchester and Dumries as well as runner-up at Three Counties and Cardiff. In the Dog of the Year he was runner-up, scoring 16 points, just four under the ultimate winner, the Standard Poodle, Ch. Babelot's Tall Dark and Handsome. The Lakeland has been sold to Mr. and Mrs. James A. Ferrell Jr., of this country and the Poodle is also returning to his home in Canada and the United States. The Scottish Terrier, Ch. Gosmore Gillis Scotch was fifth in the Dog of the Year competition by virtue of three reserve best in show wins giving her 3 points. Two other Scots made the list, Ch. Gosmore Gillis Scotch Lad was best in show at Windsor giving him five points and the same for Ch. Ellburn Elegance, best in show at Edinburgh.

One shouldn't, perhaps, judge a dog by pictures but looking at England's Scottish contenders I would without hesitation choose Ch. Ellburn Elegance as the one I would be most proud to own. She is the essence of Scottish type, she is short and deep-bodied, stands foursquare as if ready to face anything and appears to have head,

neck and height all in proper proportion. She was best of breed at Cruft's and received her 8th c.e. The winning dog was Paethorpe's Bardene Bo Diddy and reserve was Ch. Brio Pickpocket. Reserve in bitches was Ch. Gregorach Glorious twelfth. The winner of Special Puppy dog, only two present, was Mrs. Ross' Niddbank Gay Boy. Special Puppy bitch, also two present was Mr. S. Welbourn's Niddbank Spark. These puppies, litter mates, were sired by Ch. Gillis Starturn. We are indebted to Mrs. Gladys Yates for this early information on Scotties at Cruft's and we hope that Mrs. Dewar's remarks on them will be available for next month.

As for non-championship shows Ch. Ellburn Elegance was reserve best in show at Paisley, C. S. open show which had 414 exhibits. She was also best in show at Edinburgh's East of Scotland open show where there were 343 exhibits.

A new Champion

Mrs. Karl L. Young,
Bellevue, Wash.

Finished with four majors, two firsts and two thirds. By Ch. Carnation Chanter ex Ch. Young's Samantha, thus a Ch. Deephaven Red Seal grandson. His dam is also a wheaten.

The next large Ch. show will be at Manchester and the judge will be Mr. H. Kraus, a name new to English Scottish judging but he comes from Germany where he has bred and exhibited them for twenty years. Soon after Manchester we can look forward to the Sc. T. Breeders' and Exhibitors' specialty on March 25th and judged by Miss Barbara Sedorski (Cumnoch).

Rumor says that George Barr, longtime professional handler who has piloted so many Scotties to the top, including Baffie, is retiring after Cruft's but will maintain some of his activity in dogs.

A correspondent in a letter to the editor of OUR DOGS reminds again that the use of the title, International Champion, is not a title recognized by the Kennel Club. If a dog is a champion in more than one country the names of the countries concerned should be given, such as English and American, English and Irish or any other combination but not International which gives the reader no indication of the importance of the dog's achievements.

Our Cover

PICTURED ON OUR cover this month is Ch. Balachan Night Hawk, owned by Dr. and Mrs. T. Allen Kirk, Jr., of Roanoke, Virginia. Night Hawk, just two and a half years old at this writing, is a son of Ch. Balachan Agitator out of Ch. Balachan Gibson Girl, and is a homebred. He completed his championship at thirteen months of age, with a Group win and five majors. He was shown little in 1966, as Dr. Kirk felt that he was too immature to be campaigned in earnest in Specials. In spite of this, he picked up enough Best of Breeds and Group Placements, to rank

CH. HEATHER REALISATION

With the famous entertainer
Sir Harry Lauder.

among the top ten Scotties, according to the Terrier Type compilation. We believe he is number eight for the year.

Night Hawk will be starting off his 1967 career later on in the summer, as he soon will be going to Cliff Hallmark to be readied for these shows. Cliff will be handling him for the balance of the year.

The Producers

Continued from page 7

is also on the list with 11 champions and a son and grandson are close up. Ch. The Laird of Scots Guard and Ch. Barbery Knowe Merrymaker, the latter the sire of Fanfare. No one can question her career as a show bitch for she met and vanquished the best of her time at the largest and most competitive shows. Trick, Troubadour and their descendants have been the mainstays of the small group representing Eng. Ch. Albourne Barty since Trick's arrival in this country but they were preceded by many others such as

Ch. Heather Gold Finder who is on the top list with 20 champions and the Diehards and Cabrachs which resulted in the long line of Blanart champions. Ch. Blanart Bolero is the most recently successful sire in the Barty line but perhaps his chief claim to fame is through his daughter, Ch. Blanart Bewitching, who combined an excellent show career with a high place among top producing bitches with seven champions to date. This year Bolero has returned to the support of the Barty line through a grandson, Ch. Blanart Bold Ruler.

CH. GAIDOUNE GREAT BEAR

Helen Gaither's great winner and the Top Producer of all "The Bears". He has produced fifteen Champions to date with many of his get close to their titles.

While the entire line from Barty remains fairly constant at about 20 champions per year, the Fashion Hint line continues to build up and although 20 lines direct from Necessity-Fashion Hint have now become obsolete there were 16 lines still active in the production of the last 100 champions. The most active groups as 1967 opens includes the Bardene descendants of Rosehall Echanther through his son, Ch. Rosehall Edward. Ch. Bardene Boy Blue and his son, Ch. Anstamm Dark Venture have contributed most but Bingo's list is rising and after his New York wins in February may be expected to rise further. The next most productive group is Red Seal's through Ch. Friendship Diplomat and Ch. Marloraun Dark Seal lines. A large group of Gaidoune bred Scotties support the former and Ch. Marloraun Proud Piper the latter. Surprisingly enough a line nearly as active as Red Seal's is that of Eng. Ch. Reanda Roger Rough coming from the imported Eng. & Am. Ch. Walsing Wild Winter. Wrangler's line is still producing through his son, Ch. Crescent Hill Ace of Spades, and especially through Wrangler's grandson, Ch. Special Edition who is now in the top class, tied with Winning Trick at 23. Baffle, Tartar and Reimill Radiator are slowing down noticeably but they have produced many champions of quality and could still come to life through some outstanding descendant.

The production of champions in America is swinging toward the

line of Fashion Hint until one day that may become our only line and England is swinging the same way. Each bloodline carries its own faults and virtues just as does each individual sire and it seems too bad to lose the strength of other lines which may be needed to cancel out faults and hopefully to build up virtues. Fortunately America has enough Scotties in many different sections of the country so that we are not yet down to one line or to one sire but the trend is in that direction.
