

News From England

By Garth Whittaker, "Marsdene," Primley Park Mount, Alwoodley, Leeds, Eng.

SINCE quite a number of well-known British fanciers have been visiting the United States this summer I may be forgiven for devoting this article to quoting their impressions. As usual these British fanciers returned to their own country full of enthusiasm for what they had experienced in your generous country.

Recognized as one of our leading authorities on the Scottish Terrier, Mrs. Cecil J. Barber went over to the States early in the summer to judge at the Morris and Essex show. Back in England she contributed her impressions to "Our Dogs" from which paper I cull the following remarks:

"After a really terrible crossing I landed in the United States on May 11, and my feelings need hardly be described as I saw five of my good friends on the deck waiting to welcome me to America for the first time. They were Mr. and Mrs. Theo. Offerman, Mrs. Helena Greef, Mrs. Harriman and Mrs. Bonney of Tally Ho' Dalmatian and Chow Chow fame. From that moment I started to enjoy myself; invitations rolled in and, to my sorrow, even going at the rate of about sixteen hours a day, I could not accept all the hospitality that was so cordially offered. I had only eighteen days and six of those were 'show days.'"

Of the Morris and Essex show Mrs. Barber makes the following observations: "I shall never forget this show. It is, without doubt, the greatest outdoor show on earth. It was attended by 40,000 people. Rings were laid out with utter disregard for space. A beautiful souvenir of the occasion was given to each judge—a pearl-handled penknife, with one's own signature copied on it. It is Ascot, a garden party and Derby Day rolled into one! 'Stupendous' is the word, and the gracious lady who is responsible deserves every congratulation. Hers is the brain behind the tremendous organization, with Mr. McClure Halley and Mr. Foley her two 'generals.'"

Mrs. Barber concludes: "I felt I must write of the amazing hospitality extended to me in wonderful America and try to express on paper my heartfelt and sincere appreciation of the grand time they all gave me."

Americans who read these observations of Mrs. Barber may be interested to know that they are typical of the kind of thing visiting Britons write about America today. "Superior" criticisms by "haw-haw" Englishmen are a thing of the past.

Another English visitor, Mrs. Penelope Penn, had some comparisons to make in the same paper between the American Boston Terrier and his English poor relation.

Mrs. Penn wrote: "I tried to sort out my ideas and to decide where the Bostons of England failed to the best of their cousins in America. This was, after all, one of the chief objects of my visit. Of course, I have not viewed all the Bostons in England, but I have seen a good many of them. Well, it struck me the majority of ours are a shade more 'on the leg' than the Americans; we lack a little spring of ribs and give way a bit in cobbiness. Not that the best American dogs are 'bully', but there is a great difference between a smart well set-up, active and lively dog and the low-stationed rather lethargic type. In doggy jargon 'cobby' as opposed to 'cloddy.'"

Mrs. Penn makes this criticism: "...in my opinion many of the Bostons in America fail in neck properties. I think a good, clean neck of fair length adds so tremendously to the appearance of the Boston Terrier, and I did notice that such necks only grew on the really outstanding Bostons. What it really comes to is this: the real crackers have a good head and neck. There is no doubt that a good neck is almost an essential as it gives that so necessary look of quality and refinement without which the head cannot be carried gracefully nor can the dog have the alertness of expression as laid down by the standard."

From Behind the Crates

By Numb De Ploom

WE can learn a good many things from our English cousins other than how to play tennis, grow lawns or invent dog phraseology.

The Englishman undoubtedly has an edge on us when it comes to finding the top puppy in a litter. Most of us have gone through the painful experience of letting our best pup slip out of our hands into oblivion, and most of us have later tried to buy the pup back, only to find she had been spayed or was too much of a pet. . . . It hurts, and get to know them.

dumb. And carelessness is probably to blame in most cases.

Theoretically we all spend a lot of time with our dogs; keep them in top form and handle the puppies often enough to really know them. But the truth of the matter is that we're all inclined to be a bit careless unless we have some definite incentive that keeps us on our toes.

And to my mind the puppy match is a positive cure for carelessness. We want to show our pups—we don't want to be made fools of, so we work on the youngsters, look for their faults and good qualities and really get to know them.

Matches can be simply run and very informal. If they are monthly affairs we can see whether a puppy is coming on or going back. . . . We are sure to derive a lot of benefit from the opinions of others and we are not going to let a good one slip away.

Some of the "Big Shot" Old Timers claim they can spot them in the rough. Maybe they can, but I'll admit I can't and I've ceased trying. I'd hate to guess how many potential champions are running the streets, but there will be no more of mine if I can help it.

The Puppy Match undoubtedly gets you to know your own dogs but it has other advantages for dogs, exhibitors, and future

(Continued on page 37)

Chicago Specialty Show

ACCORDING to an announcement from A. F. Kramer, President of the Western Specialty Clubs Association, a record number of clubs are participating in the 26th annual Dog Show of this organization, to be held at the Coliseum in Chicago on November 21st and 22nd. At least two new clubs have entered the 1936 show list. These are the Chihuahua Club of America of which Mrs. Anna Vinyard, Cincinnati is Secretary, and the Bullterrier Club of Chicago, whose secretary is J. J. McCarthy.

The 20 other clubs which will participate in the combined Specialty show are as fol-

lows: Cocker Spaniel Club of the Mid-west; English Springer Spaniel Club of the Central States; Chicago Collie Club; German Shepherd Dog Club of the Great Lakes; Doberman Pinscher Club of America; Central States Airedale Terrier Club; Wire and Smooth Foxterrier Breeders Club; Irish Terrier Club of Chicago; Kerry Blue Terrier Club of Chicago; Midwest Standard Schnauzer Club of Chicago; Scottish Terrier Club of Chicago; Western Pekingese Club; Western Pomeranian Club; Western Boston Terrier Club; Chicago Bulldog Club; Mid-States Chow Chow Club; Midwest Great Dane Club; Central States Dachshund Club; Western English Setter Club and the Western Irish Setter Club.

President Kramer announces that the north annex of the huge Coliseum will be reserved for judging rings and more than 3,000 raised seats will afford a closeup view of the show ring. The main hall will be used for benching the large entry of more than 1200 dogs, and for display booths. The south annex will be for the use of handlers, exercising, trimming, fitting, etc. A. Wilson Bow will superintend the event.

Foxterriers are planning on the largest entry they have ever had in Chicago and they have hit the hundred mark every year for the past seven years. With the added other four midwestern Foxterrier shows in November, Chicago will undoubtedly see the greatest Foxterrier entry which it has ever enjoyed, on November 21st and 22nd.

My Boss gives me
LIP-LICK

Stop Ramming Pills or Forcing Liquids Down YOUR Dog's Throat!

WHY DO THINGS THE HARD WAY? Here is new easy way to condition your dog for the coming winter months. Just put LIP-LICK on his UPPER lip regularly. He licks it off with no urging . . . no fussing . . . no chance of injury.

LIP-LICK is a scientifically compounded, original prescription proved effective in our own kennels for colds, coughs, sneezes, sniffles and as a general conditioner. We can't take a chance on losing dogs because of DISTEMPER . . . NEITHER CAN YOU!

Nothing to spill or waste when you use LIP-LICK. You get MORE for your money . . . use LESS to get results.

SCOTTISH TERRIERS

Associate Editor: DR. JOHN E. ROGERS, 16 Mt. Vernon St., Oshkosh, Wis.

IT is our understanding that Mrs. Frank S. Matthews of Relgalf fame purchased Flornell Soundfella, Ch. Ortlely Angela, Ch. Gleniffer Frivolity and Ch. Cedar Pond Chloe from Mr. and Mrs. Donald D. Voorhees of the Braw Bright Kennels.

Wynnewyre Wisp O'Heather, owned by Robert T. Winn of Elgin, Ill., is nursing a nice litter by Int. Ch. Albourne Sandman of Marlu. We understand that this is one of the first litters to be eligible for the Futurity Stakes, which is being sponsored by the Chicago and Indiana Scottish Terrier Clubs.

We have just received a very nice letter from the owners of Mimosa Kennels, Mr. and Mrs. J. L. von Glahn. The von Glahns have moved from Spartanburg, S. C., to Raleigh, N. C., where Mr. von Glahn is Graduate Manager of Athletics at State College.

Soon after their arrival the von Glahns had the misfortune to lose their good stud,

and out of Annie Laurie. Mrs. von Glahn states that the puppies are so promising that they plan to again breed Sunkist to Solomon her next season.

Burlingame Bubbles is now in whelp to Mimosa Sport Model. Sport Model is out of Sunkist and by Heather Goldfinder. He was recently purchased from the Carolrae Kennels of Wilkinsburg, Pennsylvania.

Score one more for Wm. J. Macaulay's stocks. Mr. Butts of Oklahoma City has just put Heather Delight of Rose Acres through to her title. Delight is out of Maloney's Tibbie and sired by Heather Enchanter.

We understand that Mr. Macaulay has some nice puppies by Ch. Talavera Ian and Ch. Dandy of Docken that are now ready for disposal.

Gilbrae G-Man, sired by Albourne Royalist ex Craignish Calico has been purchased from

Mrs. Carl Kaufman of the Kaycroft Kennels, Cambridge City, Ind., has just purchased an excellent Heather Goldfinder daughter from Mr. and Mrs. J. L. Roby, Anderson, Ind.

We understand that Mrs. John G. Winant has imported from Robert Chapman Heather Perfect Lady, and Heather Torch Fire is coming over to Mrs. L. Kaiser. To S. Gordon Bennett, Canada, has gone Heather Sensation. Sensation and Torch Fire are both by Realization.

Photo by Brown.

CH. CEDAR POND CADET

Owned by C. H. Werber, Jr., Great Neck, Long Island, New York.
Best of Breed at Sky Top, Pa.

CH. GLENAFTON TAMARA

Owned by Elizabeth Hull, Binghamton, N. Y.

Heather Masterstroke, but they were fortunate in having two good litters sired by him which at this time show promise of being worth while.

The dams of these litters are: Heather Hilda (Heather Necessity-Moonlight Jean) and Glenisla Hearts Desire (Heather Ambition-Albourne Sequence). As Masterstroke was also sired by Necessity, these puppies are rich in that breeding.

The von Glahns are watching with interest the development of a three-month-old litter from Sandheys Sunkist (Albourne Barty-Albourne Annie Laurie) sired by Jim Horton's Sandheys Solomon. Solomon is also by Barty

the Gilbrae Kennels by Mr. R. J. Oldham of Santralia Kennels, Centralia, Illinois. Miss Ann M. Covington, the owner of Gilbrae Kennels of Memphis, Tenn., states that G-Man at the age of eleven months went Reserve at the Memphis show. Mr. Oldham expects to campaign him this fall. This is Miss Covington's first effort in breeding Scotties and naturally she is very proud that G-Man will be given a chance. We hope he makes the grade.

Miss Covington also has a litter by Royalist out of Talavera Ian that look good at this time, and she is expecting a bitch bred to Sandhey's Solomon to whelp in a few days.

At their August meeting the Scottish Terrier Club of Chicago made plans for the puppy match to be held at the home of Mrs. Elburn Klein, Niles Center, Ill., on October 11. The club's annual Specialty Show will be held in Chicago on November 21 and 22 at the Coliseum and the well-known Charles Schott of Milwaukee has been chosen as judge. As an added attraction, there will be a Children's Handling Class, judged by the very genial Albert Butterworth. Two of the Chicago club members are judging shows in the near future: Mr. Groves will pass on the Scottie entry at the Indianapolis event, and Mr. Winn at Northbrook.

The Claymore Kennels, Cleveland, Ohio, send in a very interesting letter: As brood matrons in the kennels they use only daughters of champions, and they must pass a rigid production test. At present they are using Heather Muggins, daughter of Ch. Heather Ambassador; Walnut Sal of Claymore, a daughter of Ch. Walnut Aristocrat, and Miss Toddler of Harwood, daughter of Int. Ch. Talavera Toddler. A year ago, Claymore imported Thornhill Jock of Canada. He is a grandson of Eng. Ch. Walnut Rouge and Ch. Sandhey's Silvertip, both by Necessity.

Dr. Flora M. Pedicord, Zanesville, Ohio, writes that Heather Roger, a son of Ch. Heather Fashion Hint and Gaisgill Daffodil

MARLU FARM KENNELS

Scottish Terriers Welsh Terriers

WEST LONG BRANCH, N. J.

was sold shortly after the July issue was off the press. Roger is a litter brother to Dr. Pedicord's two outstanding bitches, Heather Ling and Heather Linda. The new owner is Mrs. George Copeland of Riverside Drive, New York.

Evergreen Farms owned by Mrs. C. E. Pierce, Columbus Junction, Ia., sends in quite a bit of news. The Pierces use the prefix "Egrefa"—a coined word taken from the farm name, and report that this spring Egrefa Independence which won the Senior Puppy and Novice Class at Davenport, was sold to Dr. Lyle, Wink, Texas. A few days ago, a friend of Dr. Lyle's wrote for a puppy, stipulating that he must be as nearly like Bunty (Independence) as possible. All of which proves that it pays to satisfy your customers.

NEW IMPORT

Eng. Ch. Glenifer Leading Lady

Arriving Aug. 18th for Marie A. Stone, Milwaukee, Wisc. A daughter of Ch. Heather Realization out of a Ch. Heather Necessity dam. Leading Lady finished her English Championship before she was 15 months old. Her first certificate was acquired at Crust's as a puppy; her second at Glasgow, and her third and fourth at Bradford and Roundbay.

If in coat on her arrival, Leading Lady will be brought out at Storm King on September 5th

But back to the Pierces. Three sons of Scotsward Independence have found new homes; Egrefa Douglass with Miss Lena Austin, Muskogee, Okla.; Egrefa Don with S. J. Conklin, Bernardsville, N. J., and Egrefa Straight Scotch with Mr. and Mrs. Victor Lee, Davenport.

Egrefa Faith, Independence's daughter, is the proud mother of three outstanding males

sired by Rev. Macaulay's Mack's Welton Randy, he by Heather Romancer of Dichard and full brother to Glenisla Sterling of Scotsward, Faith's grandsire. Mrs. Pierce has christened these puppies "The three musketeers."

Elizabeth Hulls' lovely Heather Brilliance died July 17th after whelping a litter a few days previously. This bitch was judged by Gavin MacBain at Orange County, N. J., who put her to Best of Winners. Her loss is a sad one to Miss Hull who valued her both as a magnificent animal and a wonderful friend. Brilliance' litter by Ch. Walsing Wagtail are doing well under the care of a foster mother—a Pointer—who is lavishing even more than the usual maternal affection on these five orphans.

Photograph of Miss Hull's recently completed champion, Glenafton Tamara appears in this issue and we hope to show you a picture of Goldfinder's Knockout who already boasts two champions to his credit.

The Dorincourt Kennels, Newport, Tenn., recently bred their Miss Chief to Knockout and are looking forward to a good litter.

Mr. and Mrs. A. C. Hall are established in their new home at Champaign, Ill., and Mr. Hall writes that although there isn't nearly as much ground as they desire, the house itself is huge and one enormous room has been converted into an indoor puppy kennel. It will be grand for the youngsters during the bad winter weather. At present the Halls have but three Scotties—a retired house pet, their imported Walsing Hallcrest Response, by Barty out of Walsing Whisper, and of course, Hallcrest Show Girl which placed Second Puppy at both Westminster and the Specialty in February. Show Girl will undoubtedly be shown again this year and the litter that will take up winter quarters in the house will probably be out of Walsing Hallcrest Response and Ch. Hallcrest Buccaneer.

Mr. and Mrs. M. C. Day, St. Paul, report plenty of interesting news from the Minneapolis territory. Their Ch. Black Johnathan has had numerous visitors lately and his puppies have been selling well. The Days have been quite successful in showing their homebreds. They captured the Novice Class—five entered—at the Minneapolis show with a daughter of Ch. Black Johnathan's and first at Rochester and St. Paul. The name of this youngster is Black Duchess of Lau-Mer. Duchess was taken down to Wausau, placed first in the American-bred and Reserve Winner. She is stripped down now but will be shown again late in the fall. With a daughter of Ch. Albourne Royalist,

Producers vs. Show Winners

By Jim Horton, Fraoehen Kennels, Henderson, Tennessee

ABOUT four years ago a prominent fancier in Scottie show circles was quoted in an article as saying he would never consider showing his brood bitches. I was nonplussed for a while over the idea. If one shouldn't show one's brood bitches, did it then follow that one shouldn't breed from one's show bitches? Were we then supposed to have an iron-clad harem from which the poor ladies could never hope to escape save on being born sufficiently comely to win, and once a winner, they could never have part nor parcel in the production of more winners! A fool idea, you say? Well, to be sure. But you might be surprised to know that it has been held by supposedly intelligent persons.

In the past four or five years there has grown up in the Midwest and, broadly speaking, the country over, a set of fanciers who combine intelligence with a vast enthusiasm. There are ages from below 21 to past 60 in this group, all of whom are young in spirit. They aren't to be told that black is white when they can see for themselves. They are going about the business of producing some extra-high class Scottish Terriers, due among other reasons to the fact they don't let personal animosities blind them to the merits of other people's stud dogs, and perhaps more than that, because they are paying a lot of attention to their brood bitches. They are the life of the Scottish Terrier fancy today.

What's more, they are aiming after the dual-purpose animal: One that can be shown without shame and that can reproduce its kind in turn.

Not long ago a famous champion bitch was shown in England under Major Johnson. He put her down to one or two other very high class bitches with the remark that excessive length of head in combination of excessive shortness of back were hard to get, and much sought after, but that in his opinion they could be over-done, and that in this case they had been. Now whether that be true I couldn't say. I saw the bitch in question when she was five months old, and it is a pleasant memory that I remarked to her breeder: "You have another champion in this." But what I wish to agree with is the fact that any good thing can be ridden to death, and a lot of breeders today are doing just that with shortness of back, and length of head.

For every breeder you hear going into the minutiae of how best to secure not just a long head, but a head of strength with the beautiful refined ears set and carried well, good eyes and mouths, well filled-in muzzles, and flat skulls without coarseness—all of which go into the making of an ideal head, for one interested in these things you find about four who want sheer length at any cost. Mere shortness of back can be had comparatively quick, but the depth of brisket, spring of rib, breadth of rump, set-on and carriage of tail, are things that aren't so easily come by. Now won't we all agree that any dog that goes about with its head to the ground and its tail horizontal to its back, must of necessity look longer in back than the dog that struts about with neck arched, head tautly erect, and tail flying high over its set-on? Which brings up the little matter of Terrier fire or character, with which so many dogs today aren't on speaking terms. I believe the serious breeders today are beginning to see that shortness of back is not to be measured with a ruler, nor does merely a few inches make a great Scottish Terrier.

Some people like to measure dogs. I wonder how they would explain the fact that two Scotties can look very dissimilar in length of back but when a ruler is put to them, they measure the same number of inches.

Just as it is stupid to deliberately aim at producers that we cannot show, it is equally absurd to go the other extreme and set ourselves the impossible task of refusing to breed from any bitch that cannot win. Recently there has been an interesting correspondence in the British *Our Dogs* between Dr. Gamlen and Mrs. Caspersz, the former contending that we breed our winners oftener than not from those bitches that we don't show; that our show winning bitches are seldom our producing bitches. Mrs. Caspersz contending that we breed as well from our winners as from our lesser lights. The whole question arose out of a controversy over whelping troubles, many of which Dr. Gamlen attribute to excessive

WHEATEN SCOTTIE PUP

Owned by Dr. N. S. West, Houston, Texas.

WB—Winners Bitch; BW—Best of Winners; BB—Best of Breed; TG—Terrier Group Winner; CC—English Challenge Certificate Winner; d—dog; and b—bitch.

An Apology and Explanation

FOR the first time since this series of articles began, the writers failed to get the story together in time for publication. This was

occasioned by the move from East St. Louis to Champaign, Ill., and in all the chaos accompanying the change the necessary advices were not sent in sufficient time to the various magazines in America and England for a change of address. As a result delay occurred in having the magazines forwarded, and in consequence the material for the article was not available in time for publication.

American Champions

The 347th Scotty to win an American Championship was the home-bred Heather Delight of Rose Acres, owned and bred by Mrs. O. S. Butts. She was born February 25, 1934 and is by Heather Enchanter of Hitofa out of Moloney's Tibbie, she by Br. Ch. Albourne Reveller out of Br. and U. S. Ch. Heather Enchantress of Hitofa. In 1935 she was WB at Tulsa, Oklahoma City, Dallas and Fort Worth. In 1936 she was WB at Minneapolis and Rochester, Minn., and BW at Memphis and St. Paul. The breeding of her maternal grandsire and granddam is not at hand but will be included in some later article.

Hollybourne Hopeful, b. was born October 22, 1932. She is owned by S. L. Froelich and is the second champion bred by S. Twigg, England, he also having bred her sire, Br. Ch. Crich Certainty. This is the fourth champion sired by Certainty, the other three having the unusual distinction of being from the same litter. Hollybourne Hopeful is out of Crich Charmaine, she by Sealcliffe out of Crich Coffey, she by Crich Caput out of Crich Cinderella. Sealcliffe is by Abertay Sport out of Sealcliffe Nora. Hollybourne Hopeful opened her American show career in a blaze of glory as Best of Breed at Westminster in 1935. In 1936 she was BB at Chicago, Hartford, Richmond and Mineola, BW at Hewlett Harbor and WB at Morris and Essex.

Producers vs. Show Winners

(Continued from page 49)

shortness of back, or extreme close coupling if you will. I think a keen analysis without any prejudice will incline one to decide that we breed our winners from our best bitches as a general rule, and that some of them are good winners and some are not show animals for many reasons. One of the best reasons for not showing a producer is that many times a brood bitch hasn't the inclination to show, and no handler can put it in her. Others are born with a dash of the devil in their make-up and a baker's dozen litters can never have anything to do with it! The latter are the desiredatum, provided we don't get so much dash and go that they make erratic mothers!

The Hall of Fame

(Continued from page 50)

Twenty-Seventh Champion by Br. Ch. Heather Fashion Hint

Bothkennar Fashion Plate is the 27th champion sired by Heather Fashion Hint. He was born November 9, 1934, is owned by Bryce Gillespie and was bred by Mrs. L. Speirs, England. Bothkennar Fashion Plate is out of Rosehall Ret, she by Silvercity Sweep out of Kamptee Magpie, she by Marksman of Docket out of Kamptee Vixen. Silvercity Sweep is by Bravo of Corse out of Wrockwardine Dawn. In 1935 B. Fashion Plate was WD at Pomona and Santa Anna, Calif. In 1936 he was BW at San Bernardino, Tucson and Los Angeles, where he finished his title on May 23rd.

Mrs. C. B. Ward's Third Champion

Scotsward Mary is the 3rd champion bred by Mrs. C. B. Ward and represents three champions of identical breeding, all from different litters. All are by Glenisla Sterling O' Scotsward out of Copper Queen, she by Br. Ch. Albourne Barty out of Copper Bess, she by Romany Rambler out of Copper Tibbie. This is the 4th champion sired by Glenisla Sterling who is by Br. Ch. Heather Necessity out of Br. Ch. Albourne Romance. Scotsward Mary was born February 17, 1934, and is owned by her breeder. In 1935 she was BW at Paterson and Newark and WB at the St. Louis Specialty Show. In 1936 she finished her championship on May 24th as BW at the Scottish Terrier Club of America Specialty Show at Rye N. Y.

Scotty News

(Continued from page 48)

the Days went First American-bred at Rochester and also Reserve Winners and topped the American-bred class at St. Paul. This bitch, Laura of Lau-Mer is now nursing a litter of seven by Black Johnathan.

For the first time in a year, Ch. Black Johnathan stepped into the ring, under the expert handling of John Banks and took Best of Breed and Second in the Group at the Memphis, Tenn. event.

The Days have purchased a daughter of Ch. Black Johnathan from T. H. Bennett of the Deephaven Kennels and have bred her to Ch. Crich Certainty. This bitch is Deephaven Dark Secret, who placed Second in the Puppy Class at both the Chicago and St. Louis Specialities last fall. Another Johnathan daughter is in whelp to Crich Certainty.

Dr. and Mrs. John E. Rogers
16 Mt. Vernon St., Oshkosh, Wisc.

A very attractive stud card was received in the office from the Monagh Lee Kennels, Red Bank, N. J., featuring their Monagh Lee Mariner. The sire is Ch. Dandy of Docken by Fashion Hint, by Necessity. The dam is Ch. Ardmore Ripples—very consistent Ardmore breeding for three generations on the dam's side.

The Minneapolis Scottish Terrier Club is going strong now; has about forty members and the Club is doing one thing that could be followed with advantage by every club in America. When you join the club you agree that you will never sell a puppy for less than \$25.00. The club pays for advertisements in the Sunday local papers and advises any one interested in a puppy, to buy from a club member; as a consequence Mrs. Day says it is absolutely impossible to find a \$10.00 Scottie pup in Minneapolis.

Lieut. and Mrs. Francis Taylor are moving from Coronado, Calif., to Boston, Mass., and while advising us of their change of address, send in quite a bit of news. They were leaving California late in July driving East with a boy and the dogs, stopping en-route to look over some of the good Scotties. The Taylors' own Redlington Rumpus litter out of their Marine Anniversary, were ten weeks of age when they started on the trip. Mrs. Taylor writes they are a short-backed, heavy-boned lot with splendid dark eyes, small ears and splendid mouths. She is hoping as they mature they may be a bit more on the brindle side. At present they are definitely quite dark—in fact, almost black and Mrs. Taylor favors a brindle or wheaten. On the trip, also went a young Rosehall Roamer-Inverdine Sherry bitch. This young lady, Bothkennar Port O'Consair, was ordered before she was born; both her parents are champions and at eight months she promises to be a real credit to her breeder, Bryce Gillespie. The Taylors' Corsaid Dory by Ch. Heather Ambassador, was bred to Rumpus recently. Dory's brother, Corsaid Dewey, a splendid cobby little fellow, has just been shipped to Mrs. A. J. Nicholas of Detroit, where Mrs. Taylor hopes he will give a good account of himself and be a real credit to his Corsair breeding.

Mr. and Mrs. F. R. Storrest, Minneapolis, write they have been getting splendid results from their recent advertising. This past week a son of Certainty was shipped to Toledo and another to South Carolina.

Dr. N. S. West, Houston, Texas, owns the eight months old wheaten puppy pictured in this issue. This bitch is double line bred from the famous Pollhill Pilgrim and looks like an exceptionally promising youngster. Dr. West has been breeding Scotties for many years and his kennel is headed by Brown Necessity, an imported son of Ch. Heather Necessity.

Bulldog News

(Continued from page 30)

Hefty Baron, and a daughter of Captain Blood has also been bred to this dog.

Iva Dann Shinn, Hamilton, Ohio, writes that things have been busy at the Bismark Kennels during the past month. Two puppies, a Bunje dog and a Pugilist bitch, have been shipped to J. E. McClosky, Lake City, Fla. A promising male has gone to B. G. Parsons, Detroit. Mrs. Shinn is keeping a Bunje dog puppy which she thinks is a real flyer and he will be brought out at the shows this year.

The young dog, Royal Duke of Bismark, which won at Dayton and Detroit this year, will be offered at public stud within the next few months.

Here's a bit of news from California. Frances Thudium of the Cambridge Bulldog Kennels, San Diego, Calif., writes that Cambridge Gladiator of RKO has been bred to Castle Stewart's Monogram Miss Knight, hoping for a repeat of the last litter from this combination. Jack Hart sold the last of his Claumar Chief-Jo Maurice litter to Mr. Goodwin, and Mrs. and Mrs. Thudium has sold Cambridge Coquette, by Cambridge Tackle out of Monogram Miss Knight, to Mrs. Roberts, San Diego, who is planning to breed to Mr. Hart's new dog, a fawn sired by Midwick Mentor. A male, Cambridge Tawney, has been sold to Mrs. Ecke of Encinitis. This puppy was sired by Bob Reid's Top Notch Scottish Leader and was out of Lazy Girl of RKO, a granddaughter of St. Domingo Duke. Incidentally, this puppy, which is a nice one, represents the Eckes' first venture in Bulldogs.

The Lindsay W. Perrys of Salem, Mass., have a litter of six—four dogs and two bitches—out of Ridgehill Lass of Buckaroo, a Ch. Roseville Buckaroo bitch. The sire of the litter is the late Tri-Int. Ch. Bunje, and this really should be an outstanding one. Ridgehill Bairn of Buckaroo, the winning puppy bitch at the last Eastern show and who has been doing consistent winning since, is to be bred back to her sire, Ch. Roseville Buckaroo, this month—an interesting mating, the result of which will be watched carefully.

Mr. and Mrs. Earl W. Hight, Kansas City, Kansas, recently returned from a trip through the East and up into Canada. They stopped off at the Wayston Kennels in Chicago to visit Ch. Limehouse Happy Hooligan and the other Olmsted dogs. While on their trip they had the pleasure of seeing Int. Ch. Falstone Duchess, and they are extremely enthusiastic about this bitch. They also visited Percy Alderson and while at his kennels purchased a nice male just past two years old. This dog is a light fawn in color and is a grandson of Ch. Sunbarry and Int. Ch. Dewhurst Dan. He is a grand bred one which should go places.

Johnson's Bulldog Kennels, Bradford, Ohio, own a good young dog, Morovian Mirthmaker. He has been shown quite a bit and has never been defeated in his classes. Their Peggy of Red River is now showing heavy in whelp to Mirthmaker, and they have mated a promising young bitch to Son of Sunbarry owned by Dr. Cecil R. Garcin, Danielson, Conn. Among the new owners of Johnson's Bulldogs are Dr. R. M. Powell, Knoxville, Tenn.; Dr. P. L. Pascoe, Des Moines, Iowa; L. Zwick, Lafayette, Ind., and R. Roth, Dayton, Ohio.

Howard G. Richardson, Ticonderoga, N. Y., writes his good bitch, Young Scotsman Lady

Luck, daughter of the late Young Scotsman, is heavy in whelp to Tri-Int. Ch. Basford Ideal. Hobby Ricky, a seven months old puppy out of a previous litter of Lady Luck from Vindex Victory, will start his show career in August. He is a very promising youngster, and his litter sister, now owned by E. K. Burton, San Gabriel, Calif., is going to make her show debut at some of the west coast shows.

A nice letter comes from Mrs. Margaret Sanford, Detroit. Although the Sanfords have not been showing extensively this season they did enter three bitches at the Flint All Breed show in May. Each won her class and each was handled by Miss Mary Frazier. In the line-up for Winners, Lily Maid, winner of the American-bred Class, was third, and Guinevere fourth. Since that time, Lily Maid has been bred back to Vardona Lord George. The Sanfords also are expecting a litter by Larchmont White Duke. Jerry and Ginger, seven months old puppies by a previous mating of Lily Maid and Lord George are busily engaged in growing up. Later their owners hope to go places with them. Jerry won himself a nice cup as Best 4-6 months male at the recent Detroit Bulldog sanctioned match. Ginger is as yet undefeated except in physical combat with Jerry, who has not shown himself particularly chivalrous toward his sister, perhaps due to a resentment against another sister recently having been sold to Mr. Godin of Flint. This little lady's ability and willingness to take her own part was both commendable and amazing.
