

The American Kennel Club Judges' Education webinar featured the Scottish Terrier on Friday May 8, 2020. The webinars are ninety minutes in length. Three hundred eighty four individuals participated in our STCA presentation made by STCA Co-Judges Education Coordinator and breeder judge Kathi Brown. The slides followed the format of our standard and included many illustrations from our *STCA Illustrated Guide to the Scottish Terrier*. Engaged participants received 1 CEU credit toward judging applications from the AKC as only one component of the judge's education process. Many present judges, potential judges and Scottish Terrier breeders attended. The AKC has made the presentation available to be viewed. ***"Please note that the distribution of any recording of this webinar or images from it is prohibited without the expressed written consent of the American Kennel Club and the AKC respective AKC parent club for that breed (STCA).*** AKC has given us permission to include the link to the presentation so that you may view this webinar. Note that since this is a previous webinar you may not be able to respond to a number of interactive response questions.

Our sincere thanks to all members who contributed to the photos, illustrations and slides. Many of the slides originate in our in-person seminars and workshops. Illustrations by Darle Heck were a critical component of the presentation. Links to additional articles were made available on our website. For those who are presently engaged in learning about the Scottish Terrier you are highly encouraged to seek additional opportunities including the AKC/American Dog Judges Association Workshop in Orlando this December, attendance at a National or Regional Specialty, mentoring with STCA Mentors, kennel visits and sweepstakes judging.
